Note by Mayor A. V. Boddy dated  
25<sup>th</sup> November 1893.

The high rates for item 2c have  
already been the subject of enquiry in the  
Public Works Department. This estimate  
cannot be reduced if the sanctioned scale of  
accommodation is to be provided.

Note, then, by the Honble Mr. Bliss, C.E.,  
dated 27<sup>th</sup> November 1893.

Then I would deviate from the  
sanctioned scale.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Inspector-General of Police, d. 19<sup>th</sup>  
September 1893, No 5399.

With reference to my letter,  
No 5253, of the 12<sup>th</sup> instant, I have the honor  
to submit for orders two lists marked <sup>A</sup>  
B of Police works to be carried out by  
the Public Works Department.

The list A contains those for which  
preparation of plans and estimates may  
be taken in hand on the approval of  
Government being accorded as required  
by G.O. No 2806 W, d. 11<sup>th</sup> October 1892 (R.  
No 1226 d. 25<sup>th</sup> October 1892, Judicial Department).

The list B shows the Police works  
proposed to be carried out by the Public  
Works Department during 1894-95 for  
inclusion in the Public Works Department  
budget for 1894-95 and for appropriation  
of funds as required by G.O. No 525 W  
d. 28<sup>th</sup> February 1893 (526 d. 11<sup>th</sup> March 1893  
Judicial Department). The works are arranged

in order of urgency and the list contains also the works brought forward by the Superintending Engineer.

From the same office, 4<sup>th</sup> 29<sup>th</sup> September 1893, No 5688.

Memoandum from the Public Works Department, 4<sup>th</sup> 14<sup>th</sup> November 1893, No 3849c.

Order, 28<sup>th</sup> November 1893, No 2484.

List B may be taken to be provisionally approved and will be transferred to the Public Works Department for the necessary provision of funds. At the same time the Government notes that the list has not been correctly prepared. It should be strictly confined to works of which the estimates have been sanctioned by Government or submitted to Government for sanction prior to the date of its preparation. and the G.O. containing the sanction should be quoted in each case. The professional sanction of a Superintending Engineer to an estimate is not sufficient authority for the commencement of the work or its inclusion in List B. This fact has been

4253  
been overlooked by the Inspector-General.  
The Inspector-General will now be requested to furnish Government with a full report regarding each of the works entered in List B which has not yet been sanctioned by Government or of which the estimates have not yet been submitted to Government for sanction, and until this has been done and the formal sanction of Government has been received, none of these works should be put in hand. As regards item 23, the Government is inclined to think that the question of sanctioning the estimate should be reconsidered; the rate per hut is extraordinarily high, and enquiries will be made in the Public Works Department whether a large reduction is not feasible. There is no reason for lodging constables in a more expensive manner than revenue inferior servants.

servants, yet the estimate is more than  
three times as high as that for the  
accommodation of two persons and a  
masalehi to which reference is made  
in the Executive Engineer's letter read in  
C.O. of 24 February 1893, No. 281 W, Public  
Works. The Public Works Department will  
further be requested to report what action  
has been taken to effect a reduction  
of the estimate referred to in C.O. of 12<sup>th</sup>  
August 1893, No. 1626, Judicial.
