PROCEEDINGS OF THE BOARD OF REVENUE
(Revenue Settlement, Land Records and Agriculture).

Read—the following letter from G. W. DANCE, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Coimbatore, 8th June 1893, No. 800–11 of 1893:—

I have the honour to forward herewith the programme of famine relief works in forms A (Supplement), B and C, in continuation of the list of works in form A submitted with my letter, Reference on No. 644-Board of 1893, dated 26th April last. I regret the delay of about two months in the submission of the programme. It was owing to the list of the professional agency works due from the Superintending Engineer having been received only on the 28th May.

Reference on the above, dated 18th July 1893.

Statement A shows the marginally-noted provision for the construction and repair of private wells in the taluks mentioned, and these amounts are included in the estimated cost of simple works shown in statement C. The Collector is requested to report whether the above works are not of the same nature as those to be carried out by means of State loans and shown in a separate line in statement C.

	Rs.
Coimbatore	3,000
Satyamangalam	93,000
Pollachi	10,500

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Collector of Coimbatore.

Read—again Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 7th August 1893, Mis. No. 4656.

Abstract.—Recording, pending further report, letter from the Collector of Coimbatore intimating that the amounts shown under private wells in statement No. A of the famine programme are not included under well works and that a further report will be submitted.

Read—again the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 12th September 1893, Mis. No. 5375:—

Read—the following letter from G. W. DANCE, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Coimbatore, 30th August 1893, Ref. on No. 1410-Bd.:—

In continuation of my letter, Reference on No. 1299-Bd., dated 29th July 1893, and with reference to Board's Proceedings thereon, Mis. No. 4656, of the 7th instant, I have the honour to state that the amount of Rs. 3,000 shown in statement No. A against "repairs to 40 private wells" in Coimbatore taluk is reported to have been intended for the repairs to drinking-water wells. The figures may therefore be transferred to columns 19 and 20 in the same line.

2. The amounts of Rs. 93,000 and Rs. 10,500 shown under Satyamangalam and Pollachi, respectively, are said to be for works to be carried out by State loans. As correct figures have already been entered for loan works in a separate line in statement C, I have the honour to request that the amounts may be deducted from "simple works," column 22, against the two taluks.

Resolution—dated 12th September 1893, Mis. No. 5375.

The Collector has included in the programme prepared in form C the undermentioned projects which are shown as additional works in the statement A; they should be excluded from the abstract (C) as they are apparently not in a forward state of preparation:—

Taluk.	Work.	Amount.
		Rs.
Coimbatore ...	Water-supply of Coimbatore town ...	1,00,000
	Drainage of do. do.	40,000
Satyamangalam ...	Water-project of Gopichettipalaiyam ...	50,000
	Bhavani reservoir project	44,50,000
Dharapuram ...	Kalingaroyan channel extension ...	1,00,000
	Total ...	47,40,000

2. The following errors and omissions are noticed in the statements submitted:—

(1) The lengths of the several new roads proposed by the Local Boards are not specified in the detailed list A.

(2) A sum of Rs. 4,500 provided in the Karur taluk for improvements to certain agricultural works is included in form C under irrigation works. The works to which this item refers have been erroneously excluded from statement B.

(3) In calculating the number of laborers that can be employed on large works in the Udamalpet taluk and on land improvement works in all taluks, the Collector does not appear to have adopted the average daily pay of a laborer (1½ annas) prescribed in rule 7 at paragraph 5 of Board's Proceedings, No. 411, dated 7th June 1892.

(4) The details entered in columns 4 and 5 of statement C do not work up to the totals at foot of those columns.

(5) The percentages in column 7 of the above statement against Coimbatore and Pollachi should be 27 and 18 instead of 2·7 and 12.

(6) Rupees 4,45,000 entered in column 9 of the same statement against Satyamangalam is a mistake for Rs. 44,50,000.

(7) The figures in columns 4, 5 and 6 of the above statement C should be noted in three separate lines instead of in one line as has been done.

3. The Collector should submit at an early date a revised statement (form C) in the light of the foregoing remarks, embodying the corrections reported in his letter of the 30th ultimo (Ref. on No. 1410-Bd. of 1893).

(A true Copy and Extract.)

(Signed) M. ADINARAYANA IYAH,
Acting Secretary.

To the Collector of Coimbatore.

READ—also the following letter from G. W. DANCE, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Coimbatore, 14th October 1893, No. 1414:—

With reference to Board's Proceedings, Mis. No. 5375, dated 12th September 1893, I have the honour to submit herewith a revised statement (form C) in the light of the remarks contained therein, and embodying the corrections reported in my letter, Reference on No. 1410-Bd., dated 30th August 1893.

RESOLUTION—dated 24th October 1893, No. 431.

The revised abstract of the programme of famine relief works for 1893–94, received from the Collector of Coimbatore with his letter read above, will be submitted for the information of Government.

2. The programme provides for the extension and improvement of the Kalingarayen channel in the taluk of Erode at an estimated cost of 6·50 lakhs, and for repairs to other irrigation works 4·70 lakhs; the construction of 633 miles of new roads and repairs to existing roads to cost 3·16 and 21·06 lakhs, respectively; works calculated to improve the supply of drinking-water to cost 1·04 lakhs and other miscellaneous works 12·97 lakhs. The last item includes a provision of 2·71 lakhs made for works to be executed by aid of State loans. The total provision amounts to Rs. 49,42,932 and the works are estimated to be sufficient to provide employment for 33 per cent. of the total population of the district during three months. The provision is ample in all parts of the district, but the inclusion of so much new road-making appears undesirable. In the Palladam and Pollachi taluks the estimated sums that could be utilized for land improvements are small.

3. Estimates are stated to be ready for works to cost Rs. 19,45,733 or 40 per cent. of the total provision.

4. The provision of Rs. 18,000 made for the repair of 85 public wells in the taluk of Coimbatore and erroneously entered in columns 21 and 22 of the revised statement C has been transferred to columns 19 and 20 thereof under drinking-water supply—*vide* G.O., dated 11th July 1892, No. 709, Revenue, communicated in Board's Proceedings, dated 16th idem, No. 502. The office copy of the Collector should be altered accordingly.

REVENUE DEPARTMENT.

1893.

Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

MADRAS.

Printed November 15th.

Proceedings, 24th October 1893, *No.* 431.

Submitting to Government, with remarks, programme of famine relief works for 1893–94 received from the Collector of Coimbatore.

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from G. W. DANCE, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Coimbatore, 8th June 1893, No. 800–11 of 1893:—

I have the honour to forward herewith the programme of famine relief works in forms A (Supplement), B and C, in continuation of the list of works in form A submitted with my letter, Reference on No. 644-Board of 1893, dated 26th April last. I regret the delay of about two months in the submission of the programme. It was owing to the list of the professional agency works due from the Superintending Engineer having been received only on the 28th May.

Reference on the above, dated 15th July 1893.

Statement A shows the marginally-noted provision for the construction and repair of private wells in the taluks mentioned, and these amounts are included in the estimated cost of simple works shown in statement C. The Collector is requested to report whether the above works are not of the same nature as those to be carried out by means of State loans and shown in a separate line in statement C.

	Rs.
Coimbatore	3,000
Satyamangalam	93,000
Pollachi	10,500

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Collector of Coimbatore.

READ—again Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 7th August 1893, Mis. No. 4656.

ABSTRACT.—Recording, pending further report, letter from the Collector of Coimbatore intimating that the amounts shown under private wells in statement No. A of the famine programme are not included under well works and that a further report will be submitted.

READ—again the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 12th September 1893, Mis. No. 5375:—

Read—the following letter from G. W. DANCE, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Coimbatore, 30th August 1893, Ref. on No. 1410-Bd.:—

In continuation of my letter, Reference on No. 1299-Bd., dated 29th July 1893, and with reference to Board's Proceedings thereon, Mis. No. 4656, of the 7th instant, I have the honour to state that the amount of Rs. 3,000 shown in statement No. A against "repairs to 40 private wells" in Coimbatore taluk is reported to have been intended for the repairs to drinking-water wells. The figures may therefore be transferred to columns 19 and 20 in the same line.

2. The amounts of Rs. 93,000 and Rs. 10,500 shown under Satyamangalam and Pollachi, respectively, are said to be for works to be carried out by State loans. As correct figures have already been entered for loan works in a separate line in statement C, I have the honour to request that the amounts may be deducted from "Simple works," column 22, against the two taluks.

Resolution—dated 12th September 1893, Mis. No. 5375.

The Collector has included in the programme prepared in form C the undermentioned projects which are shown as additional works in the statement A; they should be excluded from the abstract (C) as they are apparently not in a forward state of preparation:—

Taluk.	Work.	Amount. Rs.
Coimbatore ...	Water-supply of Coimbatore town ...	1,00,000
	Drainage of do. do.	40,000
Satyamangalam ...	Water-project of Gopichettipalaiyam ...	50,000
	Bhavani reservoir project	44,50,000
Dharapuram ...	Kalingaroyan channel extension ...	1,00,000
	Total ...	47,40,000

2. The following errors and omissions are noticed in the statements submitted:—

(1) The lengths of the several new roads proposed by the Local Boards are not specified in the detailed list A.

(2) A sum of Rs. 4,500 provided in the Karur taluk for improvements to certain agricultural works is included in form C under irrigation works. The works to which this item refers have been erroneously excluded from statement B.

(3) In calculating the number of laborers that can be employed on large works in the Udamalpet taluk and on land improvement works in all taluks, the Collector does not appear to have adopted the average daily pay of a laborer ($1\frac{1}{8}$ annas) prescribed in rule 7 at paragraph 5 of Board's Proceedings, No. 411, dated 7th June 1892.

(4) The details entered in columns 4 and 5 of statement C do not work up to the totals at foot of those columns.

(5) The percentages in column 7 of the above statement against Coimbatore and Pollachi should be 27 and 18 instead of 2·7 and 12.

(6) Rupees 4,45,000 entered in column 9 of the same statement against Satyamangalam is a mistake for Rs. 44,50,000.

(7) The figures in columns 4, 5 and 6 of the above statement C should be noted in three separate lines instead of in one line as has been done.

3. The Collector should submit at an early date a revised statement (form C) in the light of the foregoing remarks, embodying the corrections reported in his letter of the 30th ultimo (Ref. on No. 1410-Bd. of 1893).

(A true Copy and Extract.)

RESOLUTION—dated 24th October 1893, No. 431.

The revised abstract of the programme of famine relief works for 1893-94, received from the Collector of Coimbatore with his letter read above, will be submitted for the information of Government.

2. The programme provides for the extension and improvement of the Kalingarayen channel in the taluk of Erode at an estimated cost of 6·50 lakhs, and for repairs to other irrigation works 4·70 lakhs; the construction of 633 miles of new roads and repairs to existing roads to cost 3·16 and 21·06 lakhs, respectively; works calculated to improve the supply of drinking-water to cost 1·04 lakhs and other miscellaneous works 12·97 lakhs. The last item includes a provision of 2·71 lakhs made for works to be executed by aid of State loans. The total provision amounts to Rs. 49,42,932 and the works are estimated to be sufficient to provide employment for 33 per cent. of the total population of the district during three months. The provision is ample in all parts of the district, but the inclusion of so much new road-making appears undesirable. In the Palladam and Pollachi taluks the estimated sums that could be utilized for land improvements are small.

3. Estimates are stated to be ready for works to cost Rs. 19,45,733 or 40 per cent. of the total provision.

4. The provision of Rs. 18,000 made for the repair of 85 public wells in the taluk of Coimbatore and erroneously entered in columns 21 and 22 of the revised statement C has been transferred to columns 19 and 20 thereof under drinking-water supply—*vide* G.O., dated 11th July 1892, No. 709, Revenue, communicated in Board's Proceedings, dated 16th idem, No. 502. The office copy of the Collector should be altered accordingly.

PROCEEDINGS OF THE BOARD OF REVENUE
(Revenue Settlement, Land Records and Agriculture).

Read—the following letter from G. W. DANCE, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Coimbatore, 8th June 1893, No. 800–11 of 1893:—

I have the honour to forward herewith the programme of famine relief works in forms A (Supplement), B and C, in continuation of the list of works in form A submitted with my letter, Reference on No. 644-Board of 1893, dated 26th April last. I regret the delay of about two months in the submission of the programme. It was owing to the list of the professional agency works due from the Superintending Engineer having been received only on the 28th May.

Reference on the above, dated 18th July 1893.

Statement A shows the marginally-noted provision for the construction and repair of private wells in the taluks mentioned, and these amounts are included in the estimated cost of simple works shown in statement C. The Collector is requested to report whether the above works are not of the same nature as those to be carried out by means of State loans and shown in a separate line in statement C.

	Rs.
Coimbatore	3,000
Satyamangalam	93,000
Pollachi	10,500

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Collector of Coimbatore.

Read—again Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 7th August 1893, Mis. No. 4656.

Abstract.—Recording, pending further report, letter from the Collector of Coimbatore intimating that the amounts shown under private wells in statement No. A of the famine programme are not included under well works and that a further report will be submitted.

Read—again the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 12th September 1893, Mis. No. 5375:—

Read—the following letter from G. W. DANCE, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Coimbatore, 30th August 1893, Ref. on No. 1410-Bd.:—

In continuation of my letter, Reference on No. 1299-Bd., dated 29th July 1893, and with reference to Board's Proceedings thereon, Mis. No. 4656, of the 7th instant, I have the honour to state that the amount of Rs. 3,000 shown in statement No. A against "repairs to 40 private wells" in Coimbatore taluk is reported to have been intended for the repairs to drinking-water wells. The figures may therefore be transferred to columns 19 and 20 in the same line.

2. The amounts of Rs. 93,000 and Rs. 10,500 shown under Satyamangalam and Pollachi, respectively, are said to be for works to be carried out by State loans. As correct figures have already been entered for loan works in a separate line in statement C, I have the honour to request that the amounts may be deducted from "simple works," column 22, against the two taluks.

Resolution—dated 12th September 1893, Mis. No. 5375.

The Collector has included in the programme prepared in form C the undermentioned projects which are shown as additional works in the statement A; they should be excluded from the abstract (C) as they are apparently not in a forward state of preparation:—

Taluk.	Work.	Amount.
		RS.
Coimbatore ...	Water-supply of Coimbatore town ...	1,00,000
	Drainage of do. do.	40,000
Satyamangalam ...	Water-project of Gopichettipalaiyam ...	50,000
	Bhavani reservoir project	44,50,000
Dharapuram ...	Kalingarayan channel extension ...	1,00,000
	Total ...	47,40,000

2. The following errors and omissions are noticed in the statements submitted:—

(1) The lengths of the several new roads proposed by the Local Boards are not specified in the detailed list A.

(2) A sum of Rs. 4,500 provided in the Karur taluk for improvements to certain agricultural works is included in form C under irrigation works. The works to which this item refers have been erroneously excluded from statement B.

(3) In calculating the number of laborers that can be employed on large works in the Udumalpet taluk and on land improvement works in all taluks, the Collector does not appear to have adopted the average daily pay of a laborer (1½ annas) prescribed in rule 7 at paragraph 5 of Board's Proceedings, No. 411, dated 7th June 1892.

(4) The details entered in columns 4 and 5 of statement C do not work up to the totals at foot of those columns.

(5) The percentages in column 7 of the above statement against Coimbatore and Pollachi should be 27 and 18 instead of 2·7 and 12.

(6) Rupees 4,45,000 entered in column 9 of the same statement against Satyamangalam is a mistake for Rs. 44,50,000.

(7) The figures in columns 4, 5 and 6 of the above statement C should be noted in three separate lines instead of in one line as has been done.

3. The Collector should submit at an early date a revised statement (form C) in the light of the foregoing remarks, embodying the corrections reported in his letter of the 30th ultimo (Ref. on No. 1410-Bd. of 1893).

(A true Copy and Extract.)

Acting Secretary.

To the Collector of Coimbatore.

READ—also the following letter from G. W. DANCE, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Coimbatore, 14th October 1893, No. 1414:—

With reference to Board's Proceedings, Mis. No. 5375, dated 12th September 1893, I have the honour to submit herewith a revised statement (form C) in the light of the remarks contained therein, and embodying the corrections reported in my letter, Reference on No. 1410-Bd., dated 30th August 1893.

3195/9

As correct figures have already been entered for loan works in a separate line in statement C, I have the honour to request that the amounts may be deducted from "simple works," column 22, against the two taluks.

Resolution—dated 12th September 1893, Mis. No. 5375.

The Collector has included in the programme prepared in form C the undermentioned projects which are shown as additional works in the statement A; they should be excluded from the abstract (C) as they are apparently not in a forward state of preparation :—

Taluk.	Work.	Amount.
		RS.
Coimbatore ...	Water-supply of Coimbatore town ...	1,00,000
	Drainage of do. do.	40,000
Satyamangalam ...	Water-project of Gopichettipalaiyam ...	50,000
	Bhavani reservoir project	44,50,000
Dharapuram ...	Kalingarayan channel extension ...	1,00,000
	Total ...	47,40,000

2. The following errors and omissions are noticed in the statements submitted :—

(1) The lengths of the several new roads proposed by the Local Boards are not specified in the detailed list A.

(2) A sum of Rs. 4,500 provided in the Karur taluk for improvements to certain agricultural works is included in form C under irrigation works. The works to which this item refers have been erroneously excluded from statement B.

(3) In calculating the number of laborers that can be employed on large works in the Udamalpet taluk and on land improvement works in all taluks, the Collector does not appear to have adopted the average daily pay of a laborer (1½ annas) prescribed in rule 7 at paragraph 5 of Board's Proceedings, No. 411, dated 7th June 1892.

(4) The details entered in columns 4 and 5 of statement C do not work up to the totals at foot of those columns.

(5) The percentages in column 7 of the above statement against Coimbatore and Pollachi should be 27 and 18 instead of 2·7 and 12.

(6) Rupees 4,45,000 entered in column 9 of the same statement against Satyamangalam is a mistake for Rs. 44,50,000.

(7) The figures in columns 4, 5 and 6 of the above statement C should be noted in three separate lines instead of in one line as has been done.

3. The Collector should submit at an early date a revised statement (form C) in the light of the foregoing remarks, embodying the corrections reported in his letter of the 30th ultimo (Ref. on No. 1410-Bd. of 1893).

(A true Copy and Extract.)

(Signed) M. ADINARAYANA IYAH,
Acting Secretary.

To the Collector of Coimbatore.

READ—also the following letter from G. W. DANCE, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioner of Revenue, Settlement and Director of the Department of Land Records and Agriculture, dated Coimbatore, 14th October 1893, No. 1414 :—

With reference to Board's Proceedings, Mis. No. 5375, dated 12th September 1893, I have the honour to submit herewith a revised statement (form C) in the light of the remarks contained therein, and embodying the corrections reported in my letter, Reference on No. 1410-Bd., dated 30th August 1893.

RESOLUTION—dated 24th October 1893, No. 431.

The revised abstract of the programme of famine relief works for 1893-94, received from the Collector of Coimbatore with his letter read above, will be submitted for the information of Government.

2. The programme provides for the extension and improvement of the Kalingarayen channel in the taluk of Erode at an estimated cost of 6·50 lakhs, and for repairs to other irrigation works 4·70 lakhs; the construction of 633 miles of new roads and repairs to existing roads to cost 3·16 and 21·06 lakhs, respectively; works calculated to improve the supply of drinking-water to cost 1·04 lakhs and other miscellaneous works 12·97 lakhs. The last item includes a provision of 2·71 lakhs made for works to be executed by aid of State loans. The total provision amounts to Rs. 49,42,932 and the works are estimated to be sufficient to provide employment for 33 per cent. of the total population of the district during three months. The provision is ample in all parts of the district, but the inclusion of so much new road-making appears undesirable. In the Palladam and Pollachi taluks the estimated sums that could be utilized for land improvements are small.

3. Estimates are stated to be ready for works to cost Rs. 19,45,733 or 40 per cent. of the total provision.

4. The provision of Rs. 18,000 made for the repair of 85 public wells in the taluk of Coimbatore and erroneously entered in columns 21 and 22 of the revised statement C has been transferred to columns 19 and 20 thereof under drinking-water supply—*vide* G.O., dated 11th July 1892, No. 709, Revenue, communicated in Board's Proceedings, dated 16th idem, No. 502. The office copy of the Collector should be altered accordingly.
