READ—the following paper :—

G.O., dated 27th November 1893, No. 1191, Financial.

Order—dated 27th November 1893, No. 1191, Financial.

Heads of departments have, from time to time, been granted powers of sanction as regards minor civil works of construction and repair to be executed departmentally. As the orders on the subject have not been consistent, they will now be revised and consolidated.

2. Under paragraph 10 of G.O., dated 2nd October 1879, No. 2483 W., the execution of ordinary repairs to civil buildings and the construction of petty or temporary buildings of all classes were (subject to a limitation of Rs. 1,000 in each case) transferred from the Public Works Department to the departments concerned. The powers of civil officers should not exceed that limit, and will in future be restricted to the amounts shown in the last column of the following statement :—

These powers of sanction relate only to estimates, and it must be clearly understood that, unless a grant has been made in the budget, or unless funds are allotted during the course of the official year, the mere fact that an estimate has been duly sanctioned under the authority conferred by the second paragraph of this order carries with it no right to begin a work.

4. Civil officers should have no power as regards estimates for works of any class to be executed by the Public Works Department. The financial arrangements for all such works should be made by the Superintending Engineers, who are vested with full powers in this respect. Paragraph 1810 of the Madras Public Works Code should accordingly be cancelled.
