G.O. No 3062 of 28th Ultimo, informs
that the work will be taken
in hand as early as possible

SIR,

With reference to your letter No. , dated the

of 189 , I have the honour to acknowledge the
receipt of your G.O. No 3062 dated
28th Ultimo and to inform you that
the work will be taken in hand as
early as possible, and that on its
completion a revised scale of
charges for the connection will be
submitted for your acceptance.

2 As regards the contents of letter
No. 1213 dated 14th Ultimo from the
Meteorological Reporter to the Govt
of Madras, I beg to point out that
from the hour that the intermediate
combined Offices open for public
business all the messages to be
transmitted over the line connecting
the Central Office with the Office of
the Meteorological Reporter have
to be despatched according to the
regulations in force in this dept.
and that if any of the weather
telegrams are of the lowest class

(10)

(ie Deferred) as would
to be the case, they must
suffer delay until the
traffic is disposed of. Except in
this way, no delay has arisen in the
central office in the despatch of
these messages.

3 The erection of a separate line
to the Meteorological Reporter's office
will of course entirely do away
with all chance of delay from the
causes mentioned, but I would further
beg to point out that delays are
occasionally liable to arise from
interruptions on the lines in various
parts of the Presidency, and that as
a matter of fact the non-receipt of
27 out of 37 weather telegrams on the
6th November to which reference is made
was due to the lines in my Division -
having been wrecked by the very cyclonic
storm regarding which the Meteorological
Reporter was desirous of obtaining information.

I have the honor to be,

Sir,

Your most obedient servant,

A. L. H. Salunkhe

Superintendent.
