From

J. C. Larmine Esq
Superintending Engineer
4th Circle,

To

The Superintendent
Central Jail
Coimbatore,

Sir,

well?

An allotment of
Rs 2000 has been given to start
work of deepening ^{new} Rs 25 or
the Jail main gate wall, but
convinced as I am that the
proposed improvements are
quite unnecessary and will
only involve the waste of so
much money, I shall be glad
before taking further action
in the matter, to be favored
with your views on the ques.
-tion.

2. I believe this well affords an infallible supply of water, and situated as it is, at a distance from the town or any populous locality, there does not appear to be the shadow of a possibility of the well water being contaminated by infiltration through the strata from which the present supply is derived, which supply it is proposed to exclude by an expensive steining, which most probably, however, will merely have the effect of turning the same water into the well at a lower level.

W. Goodrich Esq.,
Superintendent Central
Jail, Coimbatore.

To

The Supty. Engineer
Coimbatore.

Sir,

In reply to your letter N^o 8^m of the 13th Instant, I have the honor to inform you that in my opinion the deepening of the main gate well is a pure waste of money; at present it gives a good supply of the best water in jail.

2. I cannot agree with the people, whom Government consulted on this point.

I have &c.
