Read—the following paper:—

Proceedings of the Board of Revenue, (Land Revenue) dated 29th November 1893, Mis. No. 6616.

Read—the following letter from S. H. WYNNE, Esq., Collector of the Gódvári District, to the Secretary to the Commissioners of Land Revenue, dated Cocanada, 18th November 1893, No. 128-Ver.:—

The Head Assistant Collector's office building at Ellore, which was originally a "place of arms," constructed many years ago when troops were stationed there, is very old and dilapidated and, in spite of repairs at a cost of Rs. 700 only a year ago, is leaky. The Superintending Engineer reports that it would cost more to repair the building than it is worth at present.

2. The Head Assistant Collector, moreover, complains that there is not sufficient accommodation for his clerks and records and that his office room is inconveniently small, especially on occasions of Taluk Board meetings, auctions, and trials of cases. In these circumstances, I consider the construction of a new building desirable. The Superintending Engineer is of the same opinion.

3. I therefore request you will be good enough to obtain the sanction of Government for the preparation of plans and estimates by the Public Works Department for a new building.

4. The Superintending Engineer's letters, dated 28th August 1893, No. 1372 G.D., and 2nd November 1893, No. 1843 G.D., are enclosed for reference and return.

Resolution—dated 29th November 1893, Mis. No. 6616.

Submitted to Government with the request that orders may be issued in the Public Works Department for the preparation of plans and estimates for a new office for the Head Assistant Collector, Gódvári.
