tion together with those proposed

the alignment of the roads has

survey, as required by notes
1 & 2 of para 44, Chap IX of the
Code. A note to this effect
has been made on each map.

Roads under construction &
those proposed need not have
been shown.

As

As the alignment of the road has not been marked from actual survey, it is thought that the maps are not in order.

Madura Dist.

Six maps had been submitted, they show the roads constructed during 1892 in the Madura, Dist. & adjacent to Periyakulam taluqs.

These maps are in order, they are drawn to a scale of 1 inch = 1 mile & show the alignment of the road, crossings of streams, village sites &c.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers—

From the Inspector General of Police, dated 19th June 1893 No. 3317.

From the same officer, dated 8th November 1893 No. 6464.

With reference to O. M. No. 1150 dated 29th June 1893 I. D., I have the honor to state that the Military buildings at Mangalore, South Canara District, transferred to the Police Department under G. O. No. 1110 dated 2nd June 1893 I. D. will be utilized as follows:—

1. Barracks or Place of Arms as Police Office.
2. Sergeants' quarters or Regimental School and Store rooms as residence for the Reserve Inspector.
3. Armourers shops and Guard room as Police School.
4. Recruits' block which is an out. building as a urinal (being converted as such), and
5. Magazine for the storage of Police Ammunition.

2. With reference to the unmarried men's barracks which are constructed with mud walls, the D. P. W. is of opinion that they can be converted into 42 huts at a cost of Rs. 500. The number of huts required to accommodate the whole force - Reserve, Town and Taluk - at Mangalore is 189 and for this purpose the site of the dismantled Sepoys' Lines (marked E in the accompanying plan) has been selected by the Superintendent.

3. The estimated cost of 189 new huts is -
for 175 Constables huts at Rs. 200 each Rs. 35,000
— 12 Head Constables' huts — 400 — — 4,800.
— 2 European Head Constables huts — 1000 — — 2,000
or a total of Rupay 41,800.

The Superintendent is not in favor of utilizing the unmarried men's barracks marked C in the plan herewith because they are on a low site. I beg however to recommend that these as well as the barracks marked D. in the plan be utilized for the present altering them at the estimated cost of Rs. 500, to accommodate 42 of the Reserve Police and that the construction of the lines on the site proposed by the Superintendent be undertaken by the P. W. D. at the rate of 40 or 50 huts a year. I consider it important that the whole force at Mangalore should be huddled at one place.

place. At present there are only 16 huts known as the Treasury lines.

Order 15th December 1893 N^o 2636.

The proposals of the Inspector-General of Police are approved.
