ORDER—dated 12th December 1893, No. 2773 L., Local and Municipal.

In G.O., dated 29th July 1889, No. 1669 L., all District Boards and Municipal Councils and the Director of Public Instruction were requested to report (i) whether it was desirable to prescribe any, and if so what, tests for local and municipal appointments of the Public Works class, (ii) what tests of general education should be enforced in regard to other classes of appointments in the same employ. The letters read above contain the replies to that reference. The Government has not hitherto considered and does not now consider it expedient to take any action in regard to the latter class of appointments, but resolves that, from 1st January 1897, training in the local Civil Engineering College, or such approved service as the Governor in Council may consider equivalent to this, will be required as a qualification in the case of Public Works appointments carrying salaries of Rs. 100 and upwards, while preference should generally be given to men so trained.
