N. 259. C of 2.2.92

To W.
Returned with the following re-
marks:-

The cost of repairs has been
taken at less than 3 per cent. This is
apparently due to the percentage having
been calculated on the cost of construc-
tion only instead of on the capital cost
(inclusive of the value of site) Govern-
ment of India Code chapter XI, para 28,
rule I(d).

2. It would appear from column 3 of
the statement that the portion of the
building is not available for occupa-
tion now.

Copy of the revised estimate is submitted to the Chief Engineer & P.W. for orders of Government, with reference to para 2 of G.O. No. 3418 W of 11th December 92.

1. The cost of repair is said to have been taken at 3% on the cost of construction there being no sufficient cause to increase it.

3. It would now appear that the whole of the upper story is being used as office & that no portion of it is occupied as residence by the Post Office.
