The list received from the Public Works Department with the memorandum recorded in G.O., dated 10th December 1892, No. 2888 L., is returned with the following remarks :—

(1) The grant for reconstructing the road over the Kistna anicut should be reduced by Rs. 280.

(2) The President, District Board, Tanjore, has called for an explanation in regard to the provision made by the Mannárgudi Taluk Board for certain works. The amounts in the list may be entered provisionally.

(3) The works specified below should be added :—

	RS.
Repairing road on the Coleroon flood embankment from Puliyangudi to Valliammai chattram in the South Arcot district	390
Repairing breaches on road No. 20 caused by the floods in the Coleroon river in the Trichinopoly district	160

2. The necessary entries on account of charges for scrutiny, supervision and tools and plant will be made in the budgets for 1893–94.

Read—the following letter from the President, Taluk Board, Mannárgudi, to the President, District Board, Tanjore, dated 6th January 1893, No. 2:—

With reference to your foot-note No. 1, dated 2nd instant, I have the honour to state that I know these roads and consider the rates allowed by me to be liberal enough as compared with what is allowed for Local Fund roads which is rarely over Rs. 60 a mile.

Endorsement by the President, District Board, Tanjore, dated 15th January 1893, No. 3.

Submitted to the Chief Secretary to Government, in the Local and Municipal Department, in continuation of this office letter No. 216, dated 29th December 1892.

Order—dated 21st January 1893, Mis. No. 108 L., Local and Municipal.

Communicated to the Public Works Department in continuation of G.O., dated 13th January 1893, No. 28 L.

2. The grants assigned by the Mannárgudi Taluk Board for the works in question may be adopted if it is not too late to carry out the alterations now.

G.O., dated 9th January 1893, No. 7, Financial.

Read—the following papers:—

Memo. from the Public Works Department, dated 7th Dec. 1892, No. 5176/C.

Letter from the Presidency Port officer, Madras, dated 23rd December 1892, No. 1300/471 G.

With reference to the two lists of works under Excluded Local Port funds proposed by the Superintending Engineer for execution during 1893–94, forwarded to me with Public Works Department memorandum No. 5176 C., dated 7th December 1892, under endorsement of Government, in the Marine Department, No. 1995, dated 13th December 1892, I have the honour to inform you that, of the major original works, item No. 2 is the only one which is likely to be carried out during 1893–94 (*vide* Government Order No. 337, dated 17th September 1892), but that the estimate and plan referred to therein have not yet been forwarded to me.

2. I do not think that item No. 1 will be carried out at all, at all events not until items 3, 4, 5 and 6 have been taken in hand, which will depend on the commencement of the dredging operations at Mangalore contemplated during 1894–95.

3. With respect to the minor works, arrangements have been made with the same department to provide the boundary stones for the port limits of Cochin, Calicut, Tellicherry and Cannanore.

4. The estimates for improvements to Cochin light-house; constructing a store-room to the light-house at Calicut; effecting repairs to (*a*) Marine Villa, Cocanada; (*b*) jetty at Negapatam have not yet been forwarded to me and I know nothing of the miscellaneous public improvements on West Coast.

Order—dated 9th January 1893, No. 7, Financial.

The Accountant-General will place the sum of Rs. (2,590) two thousand five hundred and ninety at the disposal of the Public Works Department from Port funds on the 1st April next on account of the second item in the list of major works.

2. Funds for minor works will be granted on application during the course of 1893–94.

(True Extract.)

(Signed) A. T. PRINGLE,
Assistant Secretary.

Order—dated 8th February 1893, No. 343 W., Public Works.

A grant of Rs. 24,914 has been sanctioned for expenditure by the Public Works Department during 1893–94 under *Incorporated Local funds*, the list of works having been settled by the Local and Municipal Department in communication with Presidents of District Boards. A deduction of Rs. 900 has, however, to be made on account of the maintenance of a portion of the road from Shatiatope to Omampulayar passing over the Veeranum tank bund, since transferred to the charge of the District Board. The amount is surrendered to the Local and Municipal Department and the grant for *works* reduced to Rs. 24,014. Adding to this sum the usual charges for supervision, tools and plant, and percentage for scrutiny of estimates, the total estimated expenditure will be Rs. 28,379. The budget estimate has been framed accordingly.

2. The allotments applied for by Superintending Engineers for expenditure under *Excluded Local funds* amount to Rs. 36,200,* but a sum of Rs. 2,590 only has been allotted by the Financial Department for the construction of a boat jetty at Malpi. The budget estimate has accordingly been prepared for the latter amount. The allotments required for minor works and repairs should, with reference to para. 2 of the Proceedings of Financial Department No. 7, dated 9th January 1893, be applied for by Superintending Engineers as soon as possible after the beginning of the official year.

	RS.
Six major works	33,000
Minor works	2,200
Repairs	1,000
Total ...	36,200

3. In Public Works Department memo. No. 5169 C., dated 7th December 1892, the Educational Department was requested to instruct the Registrar of the University of Madras to place a sum of Rs. 1,01,348, or 1,26,175, inclusive of percentage charges, at the disposal of the Public Works Department for additions and repairs to the Senate House at Madras. No reply has yet been received and the grant has not therefore been included in the preliminary budget. It will be entered in the final issue if sanctioned in time.

4. The Superintending Engineer, IV Circle, will arrange for the early submission of the plan and estimate for the boat jetty at Malpi, for which provision of funds has been made in the budget.

5. The budget estimate of *receipts* for 1892–93 under *Incorporated Local funds* was fixed at Rs. 4,000. The revised estimate has been reduced to Rs. 2,500 on consideration of the actuals during the first eight months of the year.

6. The difference between the budget and the revised estimates of ch
1892-93 under *Incorporated Local funds* is due to additional grants sa
during the year for incomplete works of 1891-92 and for famine works und
in the Kurnool district.

7. The budget estimate of *charges* for 1892-93 under *Excluded Local fu*
prepared for Rs. 2,052. The revised estimate has been increased to Rs. 29,
additions of grants sanctioned during the year.

8. With these remarks, the preliminary issue of the Incorporated and E
Local fund budget estimates will be printed and circulated to the officers co
for information and guidance, and four copies will be forwarded to the Govern
India, Public Works Department.

all the other works referred to therein have been duly provided for in the Budget for 1893-94. In the Mannargudi Taluk Board, the provision made is Rs 233 less than the Sum required by the P. W. D.- Vide margin; but the reason for the Smaller provision is not clear from the statements and Budget report received from the President of that Board. I have asked for an explanation on the point and shall Submit the Same for the information of Government.

2. I do not think that, item No. 1 will be carried out at all, at all events not until items 3-4-5 and 6 have been taken in hand which will depend on the commencement of the dredging operations

operations at Mangalore contemplated during 1894-95.

3. With respect to the Minor Works arrangements have been made with the same Department to provide the boundary stones for the port limits of Cochin, Calicut, Tellicherry, and Cannanore.

4. The estimates for improvements to Cochin lighthouse; constructing a store room to the lighthouse at Calicut; effecting repairs to (a) Marine Villa Cocanada; (b) Jetty at Negapatam have not yet been forwarded to me and I know nothing of the Miscellaneous Public Improvements on West Coast.

Order 9th January 1893 No 7.

The Accountant General will place the sum of Rs (2590) two thousand five hundred and ninety at the disposal of the Public Works Department from Port funds on the 1st April next, on account of the second item in the list of major works.

A grant of Rs 24914 has been sanctioned for expenditure by the P.W. Department during 1893-94 under Incorporated Local Funds, the list of works having

having been settled by the Local and Municipal dept in communication with Presidents of District Boards. A deduction of Rs 900 has however to be made on account of the maintenance of a portion of the road from Shatiatope to Amanpulayam passing over the Veeranam tank bund, since been transferred to the charge of the District Board. The amount is surrendered to the Local and Municipal dept and the grant for works reduced to Rs 24,014. Adding to this sum the usual charges for supervision, tools and plant, and percentage for scrutiny of estimates, the total estimated expendi-ture will be Rs 28,379.

---

x Major Works Rs	33,000
Minor Works	2200
Repairs	1000
Total Rs	36200

The budget estimate has been framed accordingly.

2 The allotments applied for by Supdg. Engineers for expenditure under Excluded Local Funds amount to Rs 36,200x but a sum of Rs 2,590 only has been allotted by the Financial dept for the construction of a boat jetty at Malpe. The budget estimate has accordingly been prepared for the latter amount. The allotments required for minor works and repairs should, with reference to para 2 of the Proceedings of Financial Dept No 7 d/9 Jany 1893 be applied for by Supdg. Engineers as soon as possible after the beginning of the official year.

3. In Public Works Dept. memo. No. 5169C d/ 7 Decr 1892, the Educational Dept. was requested to instruct the Registrar of the University of Madras to place a sum of Rs 1,01,348 or 1,26,178 inclusive of percentage charges at the disposal of the P.W. Dept. for additions and repairs to the Senate House at Madras. No reply has yet been received and the grant has not therefore been included in the preliminary budget. It will be entered in the final issue, if sanctioned in time.

4. The Suptg: Engineer IV circle will arrange for the early submission of the plan and estimate for the boat jetty at Malpi for which provision of

funds

29

funds has been made in the budget. 343-A/66 67

5. The budget estimate of receipts for 1892-93 under Incorporated Local Funds was fixed at Rs 4000. The revised estimate has been reduced to Rs 2,500 on consideration of the actuals during the first 8 months of the year.

6. The difference between the budget and the revised estimates of charges for 1892-93 under Incorporated Local Funds is due to additional grants sanctioned during the year for incomplete works of 1891-92, and for famine works undertaken in the Kurnool district.

7. The budget estimate of charges for 1892-93 under ded Local Funds

wa

was prepared for Rs 2,052. The revised estimate has been increased to Rs 29,457 by additions of grants sanctioned during the year.

Urgent

8. With these remarks the preliminary issue of the Incorporated and Excluded Local Fund budget estimates will be printed and circulated to the officers concerned for information and guidance and four copies will be forwarded to the Govt. of India P.W. Dept.
