PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—again Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 5th November 1892, Mis. No. 8571.

ABSTRACT.—Returning, with remarks, for revision, the programme of famine relief works in Madura for 1892-93.

READ—also the following letter from E. TURNER, Esq., Collector of Madura, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated 21st December 1892, No. 269:—

Adverting to Board's Proceedings, dated 5th November 1892, Mis. No. 8571, I have the honour to submit revised programmes A and C accompanied by programme B and the special statement called for in Board's Proceedings, Mis. No. 8274, dated 2nd April 1892.

2. I beg to submit that "Dindigul Water-supply Scheme" and the "Palni Reservoir Project" have now been put down in their appropriate place in the programme.

3. As regards the projects and works noted in paragraphs 1 and 2 of the Board's Proceedings under reply, it is submitted that all the works, except "Gullapuram Reservoir Project" and "Periyar Project" which will take a longer time than three months to finish, can be completed in three months as the portions available for famine labor consist of earthwork alone. In the case of these two works, column 4 of the programme C has been filled up with reference to the instructions contained in footnote No. 1 to Board's Proceedings, No. 411, dated 7th June 1892.

4. The number of works under each class and mileage for new roads have also been noted in the programmes.

5. My Divisional officers and the Executive Engineer, Madura Division, have been instructed to have more estimates prepared and kept ready.

6. As regards paragraph 5 of the Board's Proceedings, I beg to submit that there have been found no works that can be shown against "Land Improvements" in programme C. The attention of the officers concerned has again been called to the Board's Proceedings, No. 502, dated 6th July 1892. Miscellaneous works, such as sinking of wells for drinking-water, have been entered under column "Drinking-water supply," and others, such as "Removing prickly-pear," &c., under "Others" columns 21 and 22 of revised C.

RESOLUTION—dated 9th January 1893, No. 5.

The programme of relief works for 1892-93 received from the Collector of Madura will be submitted for the information of Government in continuation of Board's Proceedings, No. 790, dated 14th December 1892.

2. The programme includes 21 new irrigation works, estimated to cost 6.04 lakhs of rupees, and repairs to irrigation works 7.95 lakhs; forest fencing works 2.75 lakhs; the construction of 877 miles of new roads 17.89 lakhs, and repairs to existing roads 7.07 lakhs; works intended to improve the drinking-water supply 1.80 lakhs, and other miscellaneous works .05 lakh. The approximate estimated cost of works of all

classes is Rs. 43,55,000, and they are calculated to afford employment for a period of three months to 536,220 persons or about 20 per cent. of the total population of the district according to the recent census.

3. The proportion of population for whom provision has been made is over the 20 per cent. minimum fixed by the rules in all taluks, except Palni, Dindigul, Ramnad and Sivaganga where the percentage provided for is respectively 13, 11 and 12. The provision in these cases should be enlarged in the programme for 1893-94.

4. Estimates are reported to be ready for works to cost only Rs. 3,73,914. It is of great importance that a larger number of estimates should be kept ready.

5. Full provision has not been made for the repair of all the irrigation works which need repair in Madura, Tirumangalam, Melur and Dindigul taluks. This should receive immediate attention. The total number of irrigation works as per form B is 4,670 against 5,859 given in the statistical return No. 53 for fasli 1300. The discrepancy should be explained.

6. The statement prescribed in Board's Proceedings, No. 3274, dated 2nd April 1892, has been superseded by form B given in Board's Proceedings, No. 411, dated 7th June 1892.

7. No provision has been made for works to be carried out by private individuals with the aid of State loans under the Land Improvement Loans Act, and the Collector has drawn the attention of the Divisional officers to the instructions conveyed in Board's Proceedings, No. 502, dated 16th July 1892. In the programme for next year the omission should be corrected.

8. The population given in form C differs from the Census Superintendent's return as shown below. The latter figures have been adopted:—

Taluk.	Population in thousands.		
	As per C.	As per Census return.	Difference.
Pariyakulam	266	264	2
Palni	283	213	70
District Total	2,680*	2,608	72

(A true Copy and Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department,
Collector of Madura.

Exd. J. Moses.

APPENDIX.
Form C.—Abstract of programme of Relief works in the Madura district for the year 1892-93.

Taluk.	Persons provided for by relief works daily for three months.					Irrigation works.			Forest fencing works.		
	Maximum number of persons for whom relief may be required in the event of serious famine.	Population by Census of 1891 in thousands.	Number on			Total per cent. of population.	New.	Repairs.	Number.	Amount.	Number.
			Large works for which professional agency is required.	Other simple works which the District officers can carry out with the aid of the ordinary staff.	Other miscellaneous works—Land Improvements.
