SIR,

With reference to Public Works Code, Volume I, Chapter II, para. 9, regarding the promotion of Engineer apprentices to the rank of Assistant Engineer, I am directed to state that on further consideration of the question, the Government of India is of opinion that the period of six months service as an apprentice is too short for the complete and proper training on works necessary to fit these officers for the duties of Assistant Engineer; and that the discretion left by the rule, as it now stands, to promote after that period is too freely used. Under these circumstances, the Government of India has decided that in future Engineer apprentices shall not be promoted until after one year's training.

2. The Code rule referred to will be modified accordingly.

I have the honour to be,
SIR,

Your most obedient Servant,

G. M. Walker
