GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

G.O., dated 30th January 1893, No. 58, Educational.

Read—the following letter from D. DUNCAN, Esq., M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 22nd December 1892, No. 16985.

I have the honour to submit the enclosed list of works awaiting execution, and to request that funds may be allotted in the Public Works budget for 1893–94. The Muhammadan Branch Training School, Triplicane, the Training School, Mangalore, the Training Schools for Masters and Mistresses, Coimbatore, Government Girls' Schools, Dhárápuram and Madura, and Middle School, Gunupur, are much in want of accommodation. The strength of the Law College has considerably risen and there is every prospect of its further improvement owing to the admission of a large number of students preparing for Pleader's Test Examination. The institution is, therefore, in urgent need of a building. The present arrangement under which the classes are held partly in the Senate House and partly in the Presidency College has not worked satisfactorily and the institution of the special classes will increase the inconvenience. I beg to request that the required funds may be provided and arrangements made for its early construction. In this office letter, No. 15938, dated 3rd instant, I pointed out the urgency of a verandah on the southern side of this office building. Considering the development of the School of Arts, additional room for the Weaving department is very much felt. The construction of latrines in the Teachers' College and the Training School, Vizagapatam, and improvements to the latter cannot well be put off to another year. I beg also to request that the usual annual provision for the permanent workshop for the College of Engineering may be made.

Order—dated 30th January 1893, No. 58, Educational.

The list and the Director's letter will be transferred to the Public Works Department with the following remarks :—

(*a*) Plans and estimates for the Law College revised in accordance with G.O., dated 8th March 1892, No. 193, Educational, should be submitted as soon as possible. The site proposed for this building does not come within the reserved zone round the Fort.

(*b*) The plans and estimates for—

(i) the verandah to the Director's office,
(ii) the College of Engineering workshop,
(iii) the hospital-keeper's quarters, Saidápet,
(iv) the carpet-weaving shed, School of Arts,
(v) the Muhammadan Training School, Triplicane,
(vi) the Training School, Vizagapatam, and
(vii) the Middle School, Gunupur,

have already been approved and sanctioned.

(c) The estimates for—

(i) the latrine at the Teachers' College,
(ii) the Training School for Mistresses, Coimbatore,

will be disposed of separately.

(d) The plan and estimate for the construction of a spiral staircase in the College of Agriculture may be resubmitted, but it is not likely that funds for this work will be available for a long time.

(e) Plans and estimates for the other works referred to in the list are awaited.

Acting Under-Secretary.
