From.

J. E. Paul Esquire,  
Executive Engineer  
on special duty Vamsadhara Investigation  
Project.

To.

The Chief Engineer  
for Irrigation Works  
Madras.

Sir,

With reference to your telegram of  
the 30<sup>th</sup> instant sanctioning advances of  
one month's pay to the surveyors working  
under my orders and asking for fuller  
Explanations of the contents of my telegram  
of the 21<sup>st</sup> ultimo to which your above-  
telegram is a reply.

2. I have the honour to state that the surveyors  
having applied for an advance, I have  
recommended it as it is not advisable  
that the surveyors should run short of  
money before their salary for January/93  
is paid.

3. The survey passars I am paying at the  
end of each month without waiting for

re audit, which I believe is necessary  
the case of first appointments;

In the case of a survey the men working  
on it must be paid at the end of  
the month as they cannot borrow money  
away from their villages; and if their  
pay is delayed for some months as in  
my own case at the present time,  
they will become discontented and the  
work will be delayed.

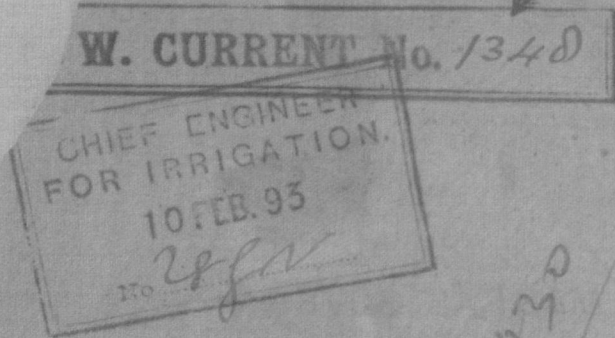

4. I have no copy of the Civil Service  
Regulations in my office so I do not  
know how the difficulty can be got over.

I have the honour to be,  
Sir,  
Your most obedient servant.
