OFFICE OF THE SUPERINTENDING ENGINEER,

6TH CIRCLE.

No. 1160 md.

Trichinopoly, 7th February 1893.

From Mr. Hughes Esquire
The Superintending Engineer,
6th CIRCLE.

To The Chief Engineer,

PUBLIC WORKS DEPARTMENT.

SIR,

With reference to G.O. No. 841 W. d / 12th March / 92, I have the honor to explain that as the head quarters of the Periyakulam Sub Div are at Ettimadpalayam in the middle of the Lammum valley, the Sub Division Lascars spend the greater part of their time in the valley. The climate is never really cold the valley being only 600 to 1000 feet above Madras, but during a considerable part of the year it is feverish & very unhealthy for people who are not well clad. The practice of supplying warm clothing was begun only when it was found that the lascars were liable to get fever which was attributed in great measure to the

want of warm clothes which they
could not afford to buy from
their wretched pay of \$6 a month.
Perhaps an unnecessary quantity
of clothing was provided in the
estimate submitted with this
office no: 1283 and dated 7th
March 1892. Trousers are scarcely
necessary with long coats and
it may be doubted whether the
Lascars have much claims to
be supplied with Cummies (ne-
cessary as they are) at the ex-
pense of Government.

2. I beg to recommend that
the five men who have their
headquarters in the registry &
the fire division office Lascars
and messengers who have to
go there pretty frequently be
supplied at reasonable in-
tervals with coats at least.

The Perakulam American Lascars
was supplied with warm clothing
in 1891 only because he had to go

go sometimes to Kodaikanal
where there is now no work. He
is not included in the numbers
given above. A.C.S.
A

I have the honor to be
Sir,

Your most obedient Servant.
