Proc. of the Revenue
Read the following
1892
1-
26TH JANUARY 1893, No. 68, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 21st December 1892, Mis. No. 9636:—

Read—the following letter from the Collector of North Arcot, to the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture, dated 14th December 1892, No. 7395:—

In my letter No. 2691-Rev. Gl. of 1892, dated 13th May 1892, I reported to the Board that, out of the advances made to the late Dewan for the repair of minor irrigation works in Kālabasti zemindari, Rs. 3,314-0-8 were spent by him before the order to stop further advances was received. A copy of the Dewan's reply to my letter requesting him to submit detailed bills and completion certificates for the amount spent by him was also sent to the Board with the above letter; and I further informed the Board that it would be of no use to attempt to get any further information, and that it would be as well to accept facts and let the matter drop. The Board accordingly, in its Proceedings, Mis. No. 4617, dated 20th May 1892, recorded my letter observing that it was not the late Dewan's fault that the works had not been measured and valued, if, as he alleged, he requested the Engineer to carry out the necessary measurement and valuation. The Accountant-General has now called for the countersigned detailed bills for the works done in adjustment of the advances already drawn. It is not possible to comply with his requisition for reasons already reported to the Board, and I request that the Accountant-General may be authorized to admit the above charge without detailed bills.

Resolution—dated 21st December 1892, Mis. No. 9636.

Submitted to Government with a request that the necessary authority to pass the bills may be given to the Accountant-General.

2. Out of the sum of Rs. 10,000 originally sanctioned as an advance to the Dewan of Kālabasti for the repair of minor irrigation works, Rs. 3,314-0-8 had been advanced and expended by him before the orders to stop further expenditure were received, and although the Dewan applied to the Executive Engineer to carry out the necessary measurement and valuation of the work, he was unable to obtain any information from the officer who was engaged in the supervision of the famine-relief works and who was removed from the district before he could inspect the works carried out by the Dewan.

with copy of Board's Proceedings, dated 20th May 1892, No. 4617.
Collector of North Arcot.

26TH JANUARY 1893, No. 66, REVENUE.

ENCLOSURES.

Read—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 20th May 1892, Mis. No. 4617 :—

Read—the following letter from the Collector of North Arcot, to the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture, dated 13th May 1892, No. 2691-Rev. G. :—

With reference to Board's Proceedings, Mis. No. 8189,* dated 31st March 1892, I have the honour to state that out of the sum of Rs. 10,000 sanctioned to be advanced for the repair of the minor irrigation works in the Kālahasti zemindari, Rs. 5,179-8-3 were placed at the disposal of the late Dewan before the receipt of Board's Proceedings, Mis. No. 2998, dated 13th June 1891, stopping further advances to him. Out of this amount, Rs. 1,865-7-7 were refunded by the Dewan in March 1892 as the unexpended balance. Deducting this amount, the expenditure incurred out of the advance of Rs. 5,179-8-3 comes to Rs. 3,314-0-3. The Dewan was requested to submit detailed bills and completion reports for the amount spent by him, and a copy of his reply, dated 6th May 1892, is herewith submitted for the information of the Board. I do not think it is any use trying to get any further information. It would be as well to accept facts and let the matter drop.

From Dewan Bahadur R. RAGOONATHA ROW, Dewan of Kālahasti, to the Collector of North Arcot, dated Mysore, 6th May 1892.

With reference to your endorsement No. 2418 of 1892, dated the 20th ultimo, and to your first reminder, dated the 1st instant, I have the honour to inform you that it is true that I promised in my letter of the 26th September last, No. 146, to send bills as soon as the works were completed; but that the Board having stopped further advance as stated by your Deputy in his memorandum, none of the works were completed and no bills could therefore be sent to you. I received Rs. 5,179-8-3, out of which Rs. 3,314-0-8 were spent on works for which weekly statements were despatched to you and the Board. These statements did not, however, include Rs. 15-4-6 for which accounts were received by me after the despatch of the last statement, of work done in Kottaiakadu and Ramnadhapuram tanks in the month in which further advances were prohibited.

2. I asked the Executive Engineer to measure up the work done and to certify the quantity and value of it, but I have received no information from him. His subordinate, an overseer, told me that he had measured up the work done and reported the result to his superior.

3. I submit the aforesaid particulars from references now available with me. If more details are required, you may write to the Rajah of Kālahasti, who has got the records with him and will be able to supply them to you.

Resolution—dated 20th May 1892, Mis. No. 4617.

Recorded. It is not the late Dewan's fault that the works have not been measured and valued, if, as he states, he requested the Executive Engineer to carry out the necessary measurement and valuation.
