NOTES.

P. W. D. FORM,
No. M 184.

REFERENCE TO MADRAS P. W. D. CODE,
EDITION OF 1886.

PARAS. 25 & 26.

1. The column headed "present scale" should invariably show the *sanctioned scale for the time being* and not the strength of the actual (whether above or below sanctioned) establishment as it happens to stand at the time. The "present scale" should be verified by the examiner before the proposal is submitted to government for sanction (paras. 25 and 26).

2. In the column "average or fixed pay," financial value, not mean value, should be given.

3. The financial value should in the case of progressive appointments be calculated as follows:—

(1) If the period of rise from minimum to maximum is 5 years, the average will be the minimum *plus* two-thirds, or if the appointment is a ministerial one, *plus* three-fourths, of the difference between the minimum and maximum (C. S. R., Art. 164).

(2) If the period of growth exceeds five years (as in the case of accountants) the $\frac{2}{5}$ th fraction should be decreased by $\frac{1}{10}$ th of the difference for every year by which the period exceeds five; the fraction for periods in excess of five years will therefore be as follows:—

$$6 \text{ years} = \frac{2}{5} - \frac{1}{10} = \frac{3}{10}$$

$$7 \text{ years} = \frac{2}{5} - \frac{2}{10} = \frac{1}{5}$$

$$8 \text{ years} = \frac{2}{5} - \frac{3}{10} = \frac{1}{10}$$

and so on; so that when the period of growth is 20 years the financial value will be the exact mean.

PUBLIC WORKS DEPARTMENT, MADRAS.

Tabular Statement showing the proposed Changes in the Establishment of the P. W. Department, Madras Presidency.

The entries within under the head "Present scale" have been checked and found correct [subject to exceptions noted below *].

Examiner of P. W. Accounts, Madras.

* The words in brackets should be scored out when there are no exceptions to be noted.

Bollman February 1913

Works started in consequence of the failure of the South West monsoon and that the Police guard of 1 Head & 2 Constables per each set was too costly & proposed after consultation with the Deputy Collector at the spot, the advisability of employing 2 pensioned Sepoys who could be relied on, for each subordinate who had an impress and was not supplied with a Police guard. This Report was followed up on 12 May/92 by another giving a list of some such men procured and appointed. Looking at the great delay with which the 3 guards were obtained from the Police Department and the urgent need for them, the men appointed by Mr. C. A. Smith Executive Engineer were retained (vide India Code Chap. 1, para 21) and dismissed as the necessity for them ceased.

4. The total cost incurred in this Department on account of these guards was Rs 176-13-0 and I submit herewith a proposition statement showing the details and request that sanction may be obtained to it.

5. I request that sanction may also be obtained to debit the charge to the Civil

Department in accordance with India Code Chapter II para 23, as what was done was done on behalf of that Department in order to avoid delay and the consequent apprehension of danger to Government property.
