PROCEEDINGS OF THE BOARD OF REVENUE

(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from F. A. NICHOLSON, Esq., Acting Collector and District Magistrate of Salem, to the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture, dated 22nd November 1892, No. 3960 :—

With reference to the Board's Proceedings, dated 21st June 1892, Mis. No. 5403, I have the honour to submit a revised programme of famine-relief works for 1892-93 in the forms prescribed in Board's Proceedings, dated 7th June 1892, No. 411.

ENCLOSURE No. 1.
FORM C.

2 BOARD OF REVENUE (REV. SETT., L. RDS. AND AGRI.), 29TH NOV. 1892, No. 763.

Taluka.	Population by census of 1891 in thousands.	Maximum number of persons for whom relief may be required daily in the event of serious famine.	Persons provided for by relief works daily for three months.				Irrigation works.				Forest Works.	
			Numbers on			Total per cent. of population.	New.	Repairs.	Number.	Amount.	Number.	Amount.
			Large works for which professional agency is required.	Other simple works which district officers can carry out with ordinary staff.	Works connected with land improvement carried out by the aid of State Loans.

RESOLUTION—dated 29th November 1892, No. 763.

The programme of relief works for 1892-93, received from the Collector of Salem, will be submitted for the information of Government, in continuation of Board's Proceedings, dated 25th November 1892, No. 758.

2. Provision is made in the programme for the repair of 537 irrigation works to cost 2.14 lakhs of rupees; for 23 forest fencing works to cost .17 lakh; the construction of 37 miles of new roads 4.46 lakhs, and repairs to existing roads 32.91 lakhs; and works to be carried out by the aid of land improvement loans .93 lakh. The total approximate estimated cost of all classes of works comes to Rs. 40,61,052 and they are calculated to afford employment for a period of three months to 541,474 persons, or about 28 per cent, of the total population of the district according to the recent census.

3. The proportion of the population for whom provision is made is generally ample except in Námakal 12, in Atúr 10 and in Tirupatúr 3 per cent. The provision in these three taluks is below the 20 per cent. minimum fixed by the rules and needs to be amplified, especially in Tirupatúr. At the end of the programme the Collector adds certain irrigation and road works for which talukwar particulars are not available. The cost of these works is estimated at 14.96 lakhs and is included in the district total.

4. Estimates are reported to be ready only in Salem taluk for works to cost Rs. 3,39,420, and no estimates are wanted for land improvement works to cost Rs. 93,253. The Collector is requested to arrange for estimates being got ready in the remaining taluks for works sufficient to provide employment for at least 5 per cent. of the population at any time: especial attention is being directed to irrigation works repairs.

5. The minor irrigation works which need repair in Atúr, Hosúr and Tirupatúr should have been fully provided for in the programme, and the Executive Engineer should be desired to furnish full talukwar particulars as to the state of the works in charge of his department and of the provision made for their repair.

6. The marginally-noted works given in the Public Works Department list communicated with Board's Proceedings, dated 8th June 1892, No. 412, are not found in the programme. The omission should have been explained. The other works given in the same list are correctly omitted as they are not in a forward state of preparation. They should, however, have been noted at the end of the

detailed list of works (A), under clause 3 in rule 9 in paragraph 5 of Board's Proceedings, dated 7th June 1892, No. 411.
