RESOLUTION—dated 19th November 1892, No. 746.

The programme of relief works for 1892-93 received from the Collector of Godavari will be submitted for the information of Government in continuation of Board's Proceedings, No. 744, dated 17th November 1892.

2. Excluding the wholly deltaic taluks of Ramachandrapuram, Amalapuram, Narsapur and Tanuku with reference to G.O., dated 21st September 1892, No. 991, Revenue, the programme includes six new irrigation works estimated to cost 14.5 lakhs of rupees, repairs to irrigation works 2.64 lakhs, forest fencing works .95 lakh, construction of 760 miles of new roads 16.33 lakhs, repairs to existing roads .32 lakh, works calculated to improve drinking-water supply 1.25 lakhs, and other miscellaneous works .52 lakh. The total approximate estimated cost of all classes of works amounts to Rs. 36,51,621, and they are expected to afford employment for a period of three months to 486,878 persons, or about 47.3 per cent. of the population according to the recent census.

3. The percentage of population for whom provision has been made is over the 20 per cent. minimum fixed by the rules in all the taluks except Rajahmundry, which lies just at the head of the delta, where it is only 7.30 per cent. The Collector gives at the end of his list several large works which might be utilized for famine relief, but are not yet in a forward state of preparation, and these are estimated to cost a further sum of 14.52 lakhs.

4. Estimates are reported to be ready for works to cost Rs. 14,95,775.

5. The Collector has not provided for any works under the Land Improvement Loans Act. The omission should have been explained.

6. The irrigation works in charge of the Public Works Department which need repair in the taluks of Ellore, Rajahmundry, Yernagudem and Peddapuram have not been fully provided for in the programme of relief works, though the full number is shown as provided for in form B. The cause of this discrepancy should be stated.

7. The population given in form C differs from census return in the case of some taluks as given below:—

	Population in thousands as given in	
	Form C.	Census return.
Rajahmundry	113	117
Yernagudem	130	136
Peddapuram	157	137
Cocanada	81	79
Tuni	63	81
Total	544	650

The discrepancy should be corrected.
