Petition from the Roman Catholic community of Tellicherry, dated 21st August 1890.
Letter from the Collector of Malabar, dated 30th September 1890, No. 3777 P.
Endorsement from the Revenue Department, dated 14th October 1890, No. 6217.

From the Superintending Engineer, IV Circle, dated 31st January 1893, No. 28 W., and 15th February 1893, No. 58 W.

ABSTRACT.—Relative to the construction of protective works to prevent erosion of the sea opposite the cliff near the Roman Catholic chapel at Tellicherry.

ORDER—dated 28th February 1893, No. 520 W., Public Works.

The estimate of Rs. 2,100 submitted by the Superintending Engineer has been prepared with reference to the memorial of the Roman Catholic community of Tellicherry, dated 21st August 1890, and provides for the construction of protective works to prevent the erosion of the sea opposite the cliff near the Roman Catholic chapel.

2. In the petition it was stated that a sum of between Rs. 2,000 and 3,000 could be raised among the Roman Catholic community towards paying for the proposed revetment, and on the understanding that that community makes the necessary funds available, the Government authorises the execution of the work by the Public Works Department under the rules in para. 81, chapter IX, Public Works Code, the usual charges on account of establishment and tools and plant being remitted.

6 Nov. 90
P.W.D.
West Coast Division

To
His Excellency
The Right Honorable
The Governor in Council,
Fort St. George.

Through the Collector of Malabar.

Memorial, of the Committee appointed by the Parishioners of the Roman Catholic Church at Tellicherry, to take steps to preserve the Church property from the encroachment of the sea.

May it please Your Excellency,

That the site on which the Roman Catholic Church stands was so far away from the sea that its founders never apprehended any danger to the property from that direction when the edifice was constructed, which was contemporaneous with the British interest in Malabar.

2. But since the last decade of years the sea has been steadily encroaching

to

to such an alarming extent that a portion of the site has been already washed away, and during the present monsoon the foundation of the out-houses of the Parochial house has been undermined, and the Parochial house itself, as well as the Boys' school adjoining it, have come to be in imminent danger.

3. During your Excellency's visit to this town in October 1888 the dangerous inroads of the sea on the Church property were especially brought[&] to your notice by the Vicar and the Administrator of the Church.–

& There is nothing about it in the letter [illegible] [illegible] Vide G.O. [illegible] [illegible] [illegible]/15-2-89

4. Now, it is not only the Roman Catholic Church edifice that is in danger, but the erosion of the sea has begun to affect also the property belonging to Government, occupied by the Sub-Collector; and it is a mere question of time when the ground on which the Protestant Church and the Fort stands, will be similarly washed away.

In

520/3

5. In view of the imminent danger to which the Church property is exposed, the Parishioners at a General Meeting held on the 13th July 1890, resolved to memorialise Government for aid, and to raise such funds as the limited means of the Parish would permit.

A copy of the Proceed-ings of the Meeting is enclosed.–

6. In pursuance of the 3rd para of the Resolution, the Committee appointed by the Meeting has estimated that a sum of between 2 & 3,000 Rs. may be collected, in two years, from among the Catholic Community, the majority of whom have but limited incomes. But the cost of throwing up protective works on the foreshore which will require the services of a professional man,– will by far exceed the probable sum expected from the Community.–

7. Under these circumstances, the Parishioners are constrained to appeal to Government for substantial aid, which if timely accorded, would not only protect

the

e only place of worship they have in this town, but also tend to obviate hereafter the necessity of heavier outlay on the part of Government in arresting the progress of the sea on the Sub Collector's bungalow, the Fort and the Protestant Church, all of which are Government property to say nothing of the improvement that will be effected to the natural harbour of the Port.–

8. Should the Government decide on utilizing, on this occasion at least, the Port Funds for constructing Groynes so urgently needed to stop the erosion of the sea, the Committee is prepared to place at its disposal all sums that may be contributed by the Parishioners.–

9. In the full confidence that their request will meet with favorable consideration, the Memorialists will as in duty bound,

Ever Pray,

Tellicherry
21st August 1890.

Proceedings of a General Meeting held at the Church of our Lady of Rosary on Sunday the 13th July 1890.

Present. Revd. Fr. Monteiro & Goveas
Messrs. P. Forte, J. J. de Rozario,
B. de Rozario, Edward Rodrigues
and others.

The Revd. Fr. Monteiro was voted to take the Chair.

Read Proceedings dated 6 July 1890 and recorded.

1. Proposed by Mr. Frank, seconded by Mr. B. de Rozario and carried unanimously that in consideration of the imminent danger which the Church property is exposed to by the inroads of the sea, a Committee consisting of the following Gentlemen be formed, with power to add to their number, for the purpose of taking measures to raise the necessary funds to throw up protective works on the foreshore.

The Revd. F. J. M. Monteiro, Messrs. J. J. de Rozario, P. Forte, E. Rodrigues, T. M. Fernandez, N. P. d'Conceição, B. de Rozario, R. W. Frank & E. S. Fernandez.

2. Resolved that the Committee be authorized to forward a Memorial to Government pointing out the perilous situation of the Church property by the ravages of the sea, & praying for help.

3. Resolved that every member of the Catholic Community of this Parish be asked to contribute a month's income, payable in 24 instalments, commencing from the income of the month of

of August next towards the above object, and the Committee be authorized to draw up a list of persons assessable — for which purpose Revd. F. Monteiro is invited & has accepted to be President, Mr. J. J. de Rozario, Treasurer, & Messrs. B. de Rozario & R. W. Frank, joint Secretaries.

The Meeting dispersed after a vote of thanks to the Chairman —

To

The Honorable J. F. Price
Chief Secretary to Government
Financial Department.

Sir,

I have the honor to submit herewith for the favourable consideration and orders of Government a memorial addressed to His Excellency the Governor in Council by the members of the Roman Catholic Church Committee at Tellicherry

2. The memorial deals with the danger to which the Church property is exposed by the encroachments of the Sea and seeks the aid of Government for throwing up the necessary protective works.

3. There is little doubt that the Sea is making serious inroads and I am informed that 3 or 4 acres of land attached to the Sub-Collector's house and the property of Government

3/167 8½
21-5-92

57 W.C.

Government at Tellicherry have been swallowed up in the last twenty years.

I am unable to verify this information as the plans and title deeds relating to the purchase of the property are recorded in the Government office (G.O. dated 27th August 1883 No. 1037 Revenue); but I do not see any reason to doubt the accuracy of the information.

4. The English Church at Tellicherry stands on the same cliff as the Roman Catholic Church and is close to the Sub-Collector's house. Hence it appears to me that the interests of Government as well as the Petitioners require the erection of some protective works. I would therefore respectfully suggest that orders for such action as is necessary may be issued in the Public Works Department

I have the honor to be
Sir,
Your most obedient Servt

Petition from Roman Catholic Community of Tellicherry d/ 21. August 1890.
Letter from the Collector of Malabar No 3777.P/Genl d/ 30. Septr 1890
From the Supdg. Engineer IV Circle No 28 W. d/ 31. January 1893
—— Do —— Do —— " 58 W. d/ 15 February 1893

FOR ORDERS. This estimate has been prepared with reference to the Memorial of the Roman Catholic Community of Tellicherry dated 21st August 1890, and provides for the construction of protective works to prevent the erosion of the sea opposite the cliff near the Roman Catholic Chapel.

In the petition it was stated that a sum of between Rs 2000 and 3000 could be raised among the Roman Catholic Community

towards

towards paying for the work, but as it was anticipated that the cost of the protective works would far exceed the above figures, aid was asked from Government. The present estimate amounts to Rs 2100

The revetment proposed appears necessary to stop further erosion, but it hardly seems a work on which the expenditure of public funds would be justified

J.R.
18/2/93

18.2.93

I agree, but if the Rl. Com[n] use the funds available the work can be done by DPW free of charge for Est. & Work Supervision
