4TH MARCH 1893, No. 569 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From J. HANNAN, Esq., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 6th February 1893, No. 47 W.

With reference to para. 78, chapter IX of the Code, I have the honour to request that sanction of Government may be obtained to the work as per enclosed estimate of Rs. 200 for investigating a scheme for supplying Chidambaram town with water being undertaken by the department.

2. The amount of the estimate has been paid into the treasury to the credit of the Public Works Department.

From the same officer, dated Chepâk, 20th February 1893, No. 62 W.

With reference to your memo. No. 674 C., dated 16th February 1893, I have the honour to forward letter No. 49, dated 30th January 1893, from the Executive Engineer, South Arcot, with copy of the Proceedings of the Madras Government, Local and Municipal Department, No. 358, dated 13th March 1891, which give the information called for in your memorandum above alluded to.

ENCLOSURE.

From J. P. DAVIDSON, Esq., Executive Engineer, South Arcot division, to the Superintending Engineer, V Circle, dated Cuddalore, 30th January 1893, No. 49.

In reply to your No. 41 S.A., dated 24th January 1893, I have the honour to forward copy of the Proceedings of the Madras Government, Local and Municipal Department, dated 13th March 1891. The Rs. 200 is distinctly placed at the disposal of the Public Works Department for utilization in the investigation of the scheme; nothing was done in 1892, as there was a good deal of correspondence between the Sanitary Engineer and myself, but this year the levels, &c., asked for by the Sanitary Engineer have been put in hand, the Municipality having again placed the Rs. 200 at my disposal.

2. I only joined the division in February 1891. The Government Order of March 1891 was the outcome of proposals made by my predecessor; the matter has now gone so far that I request the estimate, which is herewith returned, may be sanctioned with the remark, if you think fit, that work of this nature should in future be left to the Sanitary Engineer's Department.

ORDER—dated 4th March 1893, No. 569 W., Public Works.

The survey may be undertaken by the Public Works Department, but the plans when ready should be transferred to the Sanitary Engineer.
