P.W.D.

Sir,

In reply to your letter No 339 G. of 8 Feb 1893, I am directed to forward two statements A and B giving the information called for in connection with the Madras Engineer Cadre.

2. The number of divisions, 29, entered by you in Column 2 of statement A corresponds with the number of divisions given in the statement which accompanied my letter No 2243 G. of 18 August 1890, whereas

whereas the total number of divisions entered by this office in column 2 of Statement B. is 27- The difference is thus accounted for - Column 2 of Statement B does not include the Subwada and Cuddalore Port Taluk divisions and N-TV Tank Party which were entered in the statement of 18 August 1890, while the Salem Division since formed is now included.

3. In addition to the divisions named in Column 2 of Statement B, two Executive Engineers are now in Charge of Tank Parties, and one Executive Engineer is serving in the Secretariat.

4. Other points requiring notice are explained in the remarks column of the statements.

(1) In the statement of 18 August 1890, the 15 Tank Parties were entered.

(2) The 15 Tank Parties have now been entered in the statement of 18 August 1890. They were not entered at first as the information for the statement was chiefly in connection with the 15 Tank Parties. It seems better however to include them as the total number of Executive Engineers may be correctly shown.
