No 1108C d/d 11 March 1903

Cy

20

With the recommendation of the head of his office, or if he is himself the head of his office, of the head of his department, the applicant must present himself with a copy of the statement of his case in a cover sealed by his medical attendant at the seat of the Government where he is serving, or at such other place as may be appointed by that Government where a committee of medical officers can be assembled under the orders of the Surgeon-General. The board should see that the applicant fulfils these conditions.

Before deciding whether to grant or refuse the certificate the medical board may in a doubtful case, detain an applicant under personal observation during a period not exceeding fourteen days.

If it can be avoided, the medical attendant on a case should not be a member of the board which considers it, and under no circumstances can he act as president. He should, however, be required to attend the board to furnish any information whenever his presence is considered necessary.

The medical board, after a careful examination of the officer, and consideration of the medical attendant's statement of the case, will record in the proceedings as follows:

- Whether change of climate is or out of India is necessary.
- The period of absence recommended in or out of India, care being taken that leave is excess of the period to which the sick officer is entitled by regulation is not recommended.
- In the case of an officer requiring furlough or leave of absence owing to illness caused directly by intemperance, the medical board, whilst recording their opinion, will confine their recommendation to the officer appearing periodically before fresh boards, as to the treatment of the case as one of discipline, whichever may be deemed necessary.

In urgent cases when a medical board considers it absolutely necessary that an officer recommended for change of air, either in or out of India, should proceed in anticipation of sanction, a recommendation to that effect should be made in the proceedings.

GAZETTED OFFICERS ONLY.

Proceedings of a Civil Medical Board assembled at *Madura* on the *16th* day of *February* 189*3*.

to report on the state of health of *M^r H. E. Clerk*
Executive Engineer P. W. Dept.

PRESIDENT *Brig. Surg. V. Col. F. H. Blenkiron*
MEMBERS *Surgeon C. Adams*

We do hereby certify that according to the best of our professional judgment, after a careful personal examination of the case, we consider the health of *M^r H. E. Clerk* of the *P. W. D.* service to be such as to render leave of absence to *Codekanal, Pulney Hills* from *16 Feb 1903* for a period of *three months* absolutely necessary for his recovery, & further recommend that he be permitted to proceed in anticipation of the leave being sanctioned.

F. B. Blenkiron President.
Brig. Surg. V. Col.
Dr. M. D. Trevelyan
C. Adams Members.
Surgeon Captain
Dr. D. D. D.

STATEMENT of the case of Mr. A. F. Clerk
Executive Engineer Public Works Department

Age ... years 33 $\frac{7}{12}$

Total Service ... years 12 $\frac{5}{12}$

Service in India ... years 10 $\frac{6}{12}$

Previous periods of leave of absence on medical certificate or private affairs. 1 $\frac{8}{12}$ years furlough on private affairs.

Date of return from last leave December 1st 1892

Habits Temperate

Temperament Sanguineous

Disease Continued fever - Typhoid?

Fell sick and feverish at Sindigul on January 9th on the evening of which he came to Madurai.

I saw him on the 11th January when I found him with a slight rise of temperature, furred tongue, and all the usual symptoms of fever. There was no symptom referable to any particular organ - Bowels moved twice during the day, stools semi solid and natural in colour.

Complained of shifting pains in his abdomen, but no tenderness on palpation.

On the evening of the 11th January his temperature rose to 103 and fell next morning to 101.4.

For the six following days it rose to between 103° and 104° and fell in the mornings to a decimal above 101°. On the 10th evening of fever the temperature fell to 99.8 rose on the 11th morning to 102° above which it has not gone since. On the 20th morning temperature was 98.4, 21st morning 98.0, rose in the evening to 101° & fell to 99 at 9.45 PM.

Temperature remained about 98.4 morning 99 evening till the 30th day of fever when

When a medical officer considers an officer under his charge to be in such a state of health as to render a change of climate necessary, he will, with the concurrence of the head of the department forward the prescribed certificate and a statement of case to the office of the Surgeon-in-Chief at the Government of Madras with a view to his being brought before a medical board.

A medical officer, who may be called upon to grant a certificate to an officer when absent from his appointment, will accept a statement of emergency require the officer to obtain a statement of his previous medical history from his authorized medical attendant. When, under similar circumstances, an extension of sick leave is required, the medical officer in attendance will be required to procure a copy of the medical statement on which the original leave was granted.

Medical officers on leave at all stations are prohibited from granting certificates to officers residing there to enable them to appear before a medical board. Such certificates will only be granted by the regularly appointed local medical officers.

The case of an officer recommended to be sent to Europe, or to an Asylum in India, will be specially considered by the medical officer in charge of the medical history, and by the medical board with a view to distinct recommendations being made for both as to the medical history and as to the necessity for a servant, or other care, or any special accommodation being provided for him on route.

The following rules relating to the admission of patients into the Government Lunatic Asylum, Madras, are issued for the information and guidance of all medical officers:-

I. No patient can be admitted into the asylum, under any circumstances, without a medical certificate of insanity (Form A) and an admission order.

II. Admissions into the asylum are divided into two classes:-

(a) Private-paying.
(b) Public-non-paying.

NOTE:-Exemption from paying in the case of private patients is only made when it appears in the superintendent's statement that the friends or relatives are unable to contribute towards the maintenance of the patient.

III. The documents required for the admission of private patients are as follows:-

(1) Two medical certificates (Form A) signed by two Physicians or Surgeons, of whom one should be a Presidency Surgeon or a Surgeon in the Government Service.

(2) Admission order (Form B), one copy. This should be signed together with the statement attached to it by the relative or friend who places the patient in the asylum.

(3) An indemnity bond to be executed before the patient's admission. Form and full particulars for filling in can be obtained on application.

IV. Medical officers are prohibited from sending private patients to the Commissioner of Police, Madras, or to any Magistrate for an order for their admission to the Lunatic Asylum when such patients have friends or relatives competent to sign the order. The intervention of a Magistrate or the Commissioner of Police is only necessary when a patient has no friend or relative competent to sign an order or is a relative incompetent to sign such order or relative who is a dangerous lunatic. In all other cases the procedure referred to in the preceding rules should be invariably adopted.

V. In the case of a public non-paying patient, the following documents are necessary:-

(1) Medical certificate (Form A), one copy signed by the Surgeon of the District.

(2) Medical statement (Form C), one copy signed by the Surgeon of the District.

(3) Admission order signed by a Magistrate.

it registered 101.8. Since then it has been about 101.8 evening and 100 in the morning. Pulse has been about 75 throughout and never much over 80 till the 33rd day when it was 100. From the 7th to 23rd day it was weak, diarrhoeic and intermittent with a feeble first sound of heart.

There have never been any peculiar stools and on days only ^{less} ~~as~~ as many as three motions in the 24 hours. No localized tenderness, no splenic enlargement, no could any be detected.

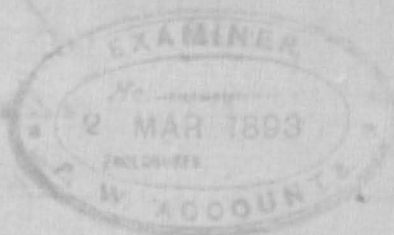

This is now the 37th day of fever which has ~~never~~ yielded to Quinine either in large or small repeated doses - Phenacetin and Sponging brings the temperature down only for a few hours. He has taken his food well throughout, sleeps well and has no unfavourable symptoms except fever. His tongue which was so thickly coated with a white fur is now rapidly cleaning.

I consider a change to the hills would considerably benefit him and I therefore grant the following certificate ^{in my service} for the effects of climate. I, C. Reeves, Surgeon Major, do hereby certify that Mr. A. F. Clerk of the Public Works Department is in a bad state of health, and I solemnly and sincerely declare that according to the best of my judgment, a change of air is essentially necessary for his recovery, and do therefore recommend that he may be permitted to proceed to ^{the} ~~the~~ Palney Hills for a period of

C. Reeves
Surgeon Major
District Surgeon

STATION, Madurai
DATE, February 1893

A clear opinion should be included in this statement as to whether, or not, or how, the disability was contracted in and by the service and from the effects of climate, with the reasons for so concluding.

Proceedings of a Civil Medical Board
assembled at *Madras*
on the *16th Feb 1893*
to report on the state of health of *Mr*
H. E. Clarke
of *the P. M. Dept.*

Three copies required, and will be dis-
posed of as follows:—
One copy to the sick officer in a sealed
cover for his use or his next medical attendant
also a separate copy of page I of the Proceedings
to be attached to his application.
Two copies to be forwarded to the Surgeon-
General with the Government of Madras.
This form is applicable to Guarded Civil
Officers, also to Commissioned Officers under
Civil Leave Rules and to Warrant Medical
Officers employed for the time being in the
Civil department.
