I Please check the
rate for tanning $\frac{1}{2}$ 33
L.P.

10.11.53

Chor

The rate for tanning can:
not be checked, as the area
the covered is not known,
any how the rate of $\frac{1}{2}$ 2
for tanning 100 tobs appear
to be fair.

10.11.53

Letter No. 4956 dated 6th March 1903 from
the Executive Engineer Bellary Division
to the Superintending Engineer III Circle
Bellary.

Encl

I have the honor to forward an
Estimate for Rs 1000-... for tarring the
Famine Tools in the Storeyard. All the
Tools issued to Famine relief works have
been received into the stores and are
heaped up in the Storeyard compound.
The Estimate provides for tarring the
serviceable ones which are rusty and
to avoid damage, it is necessary to get
them tarred before they can be arranged
in layers for facility of counting &c.
They lie in the open compound quite
insecure and it is therefore necessary
that they should soon be stacked in
the Godowns but before this can be
done they should be tarred to avoid
additional expenses and damage.
The work being urgent I request early
orders to put it in hand in anticipa-
tion of sanction to Estimate.
