Civil Works.

Read the following paper :—

No. 126. Endorsement of the Superintending Engineer, Fourth Circle, dated Coimbatore, 22nd March 1879, No. 861/205.

From Lieutenant-Colonel R. B. KENNEDY, Executive Engineer, Wynad Division, to the Superintending Engineer, Fourth Circle, dated Lakidi, 10th March 1879, No. 353.

I HAVE the honor to forward an estimate, amounting to Rupees 560, for the necessary fittings for the new Munsif's Court at Vyteri duly countersigned by the Civil and Sessions Judge.

2. The rates for woodwork are higher than usual, the reason being that there is so much small work such as rails, &c., in which the work is out of all proportion to the actual measurements.

3. As the new Court is appointed to open on 1st proximo, the Civil and Sessions Judge is very anxious that the work should be treated as an emergent one, and if the necessary funds cannot be allotted this month, I trust that early in April I may be provided with the necessary allotment.

SUBMITTED to Government with reference to their Proceedings in the Judicial Department, No. 2,388, dated 25th November 1878, and communicated with G.O. (Public Works Department) No. 4,683 W, dated 7th December 1878, for sanction and the necessary provision of funds at an early date.

,, Estimate.
,, Specification.

(Signed) P. MONTGOMERIE, Major, R.E.,
Supg. Engineer, Fourth Circle.

No. 127. ORDER THEREON, 15th April 1879, No. 1,141 W.

THE estimate* as corrected by the Chief Engineer, amounting to Rupees 400, is sanctioned. An appropriation of funds is made from the Provincial Reserve for 1879-80.

*Providing fittings for the new Munsif's Court at Vyteri.

2. The difference (Rupees 160) between the amount of the estimate as submitted† by the Superintending Engineer and as sanctioned, is the cost of articles of furniture, which are not fixtures, and which consequently should not have been included in the estimate, *vide* Public Works Code X, i, 7.

† Rupees 560.

3. If desired by the Judicial authorities, there is no objection to the entire work being carried out by the Executive Engineer, provided a separate estimate for Rupees 160 is submitted by the Munsif through the District Judge for the sanction of Government in the Judicial Department.

4. The sanction accorded in paragraph 1 of these Proceedings has been registered as Provincial No. 4 B. of 1879-80.

Civil Works.

Read—the following letter from J. A. DAVIES, Esq., Acting Registrar of the High Court of Judicature at Madras, to the Chief Secretary to Government, dated Madras, 20th August 1884, No. 2412:—

The district munsif of Vayitri having informed the District Judge of South Malabar that the roof of the Vayitri court-house was in a dangerous state and leaking in several places, and that the repairs would, in his opinion, exceed Rs. 1,000, the Executive Engineer, Nílgiri division, was requested to inspect the building and prepare an estimate for executing the necessary repairs. In compliance with this request, the Superintending Engineer, IV Circle, has forwarded the enclosed plan and estimate, amounting to Rs. 1,960, for re-roofing the court-house, as the present roof has been found to be in a dilapidated condition.

I am accordingly directed to apply for sanction for the work and for the necessary allotment of funds at an early date as the repair seems urgently required.

Read—the following paper :—

From C. VINCENT, Esq., Under Secretary to the Government of India, Public Works Department (Civil Works—Buildings), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 21st February 1891, No. 70 B.

I am directed to acknowledge the receipt of your letter No. 321 W., dated the 4th February 1891, and, with reference thereto, to inquire if there are many cases outstanding in which the rents have to be recalculated as required by rule V of Public Works Department Resolution No. 479 B., dated the 7th September 1888, and, if there are, to request that their settlement may be expedited.

2. I am to add that the Government of India is pleased to accord sanction to the proposal made in your letter under reply that, in all cases in which alteration in the rates of rents of buildings occupied as residences is involved by the application of the existing rules, the revised rates shall have effect from the date on which notice of the same is served on the occupant. This sanction is accorded on the understanding that no further delay will take place in carrying out the orders of Government in regard to the recalculation of rents.

Order—dated 6th March 1891, No. 648 W., Public Works.

Communicated to officers of the Public Works Department for information and guidance with reference to para. 2.

2. The revision of rents ordered in G.O., No. 3389 W., dated 19th December 1890, should be completed with the least possible delay, and no time should be lost in giving notice to occupants in cases in which alteration in the rates of rent is involved by the application of the existing rules. Where notices of changes in the rates have already been served, the difference will be adjusted in accordance with the ruling of the Government of India above recorded.

3. The following letter will be addressed to the Government of India.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil and Military Works.

Read—the following papers:—

From Brigadier-General G. ROWLANDSON, Commanding Southern District, to the Chief Engineer, Military Works, Madras Division, dated Wellington, 19th July 1892, No. 2456 B.

I have the honour to inform you that the Commandant, South Indian Railway Volunteer Corps, in August 1891, brought to notice the want of a suitable building at Nellore which could be used as a Sergeant Instructor's quarters and an armoury combined for the company of that corps. This was intimated to the Quartermaster-General, who directed that the Public Works Department should be asked for a plan and estimate for the buildings in question.

2. On the 28th March 1892, the Commandant of the Corps reported that the plan and estimate had been received in his office from the Executive Engineer, Nellore, but it was returned for certain alterations; since then the Quartermaster-General has repeatedly called for the plan and estimate and the Officer Commanding the Corps on being applied to has stated that his applications to the Executive Engineer for these documents are unheeded. I have, therefore, the honour to request that you will call upon the Executive Engineer, Nellore, for the very early production of the plan and estimate and for an explanation of the very great delay which has occurred.

No. 5975.

Transferred for favour of disposal.

(Signed) F. BULLOCK, Lieut., R.E.,
for Chief Engineer, M.W.D.

26th July 1892.

To the Chief Engineer, Public Works Department, Madras.

No. 66 D.

Copy forwarded to the Superintending Engineer, II Circle, who will cause the plan and estimate to be furnished as soon as possible and explain the seeming inattention to the Commandant's requirements.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

28th July 1892.

From the Executive Engineer, Nellore division, to the Superintending Engineer, II Circle, dated 11th August 1892, No. 137.

With reference to your endorsement No. 274 N.L., dated 4th instant, on Chief Engineer's No. 66 D., I have the honour to inform you that there was no inattention on the part of this department to the Commandant's requirements.

2. The plans and estimates (Rs. 8,460) were forwarded to you with this office letter No. 87, dated 29th June 1892; they were returned with your office letter No. 251 N.L., dated 27th July 1892, with instructions to inform the Adjutant, South Indian Railway Volunteer Rifle Corps, of the rules of this department and this has accordingly been done.

3. I have now the honour to retransmit the plans and estimates with data and report (8 in all) with necessary explanation given on the several points mentioned in para. 2 of letter No. 251 N.L., dated 27th July 1892.

No. 318 N.L.

Submitted to the Quartermaster-General, Madras, for favour of approval and submission to Government for sanction.

2. With reference to para. 2 of Executive Engineer's letter, the estimate was returned to the Executive Engineer with reference to G.O., No. 1506 W. of the 16th May 1892, under which the requisition for preparing estimate, &c., should have come through Government.

(Signed) J. W. MARTIN,
Superintending Engineer, II Circle.

24th August 1892.

No. 319 N.L.

Copies forwarded to the Chief Engineer, Public Works Department, with reference to his memo. No. 66 D. of the 28th July 1892.

(Signed) J. W. MARTIN,
Superintending Engineer, II Circle.

24th August 1892.

Order—dated 7th October 1892, No. 2806 W., Public Works.

In G.O., No. 1787 W., dated 15th June 1892, Superintending Engineers were directed to strictly observe the orders* which had been given to the Consulting Architect in regard to the preparation of plans and estimates. Under these orders, no plans or estimates for buildings could be prepared at the requisition of heads of departments, unless the projected works had previously been approved by Government. The orders were originally issued in connection with an educational building and were afterwards extended to all Provincial works. They were not expressly declared to be applicable to Military works, but have been so applied in more than one instance. It thus becomes necessary to lay down definite instructions on this point, and, in doing so, the opportunity is taken of modifying the orders already given, the effect of which is more comprehensive than was intended, no exception being made in the case of minor works, however small the estimated cost.

2. It is accordingly now declared that G.O., No. 1787 W., dated 15th June 1892, shall apply only to works likely to cost more than Rs. 500 each and this limit will be adhered to in regard to both Civil and Military buildings.

---

* G.O., No. 296, Educational, dated 5th April 1892.

3. Chapter X of the Madras Public Works Code contains rules on several military matters which are binding on officers of the Public Works Department at stations where Military works are still in charge of this department. This chapter will accordingly be revived and its provisions will be acted on in all cases, in which they do not conflict with the rules of the Government of India Code, and subject to the limit of Rs. 500 fixed in the preceding paragraph.

1893
REVENUE DEPARTMENT.
Enclosure No. 1
To Current No. ......

REVENUE BOARD OFFICE
MADRAS

Proceedings of the Board of Revenue

(Land Revenue),

Dated 2 March 1893,

No. 1458 Mis.

READ the following letter from H. Bradley Esq, Ag: Collector of Malabar to the Secretary to the Commissioners of Land Revenue, Madras, dated 19 February 1893. Ref: on C. No: 543/P. 93.

In January 1891, Mr. Damergue inspected the Deputy Tahsildar's office at Vayitri, and remarked as follows:–

"Inspected sub-jail. 4 prisoners under remand. The floor wants renewal and beams and rafters in the roof are sagging. The doors to the jail yard are falling down. In other parts of the building the reepers and rafters have been damaged by ~~wite~~ white ants; and about 2 sky-lights are required in the Deputy Tahsildar's room. A railed enclosure is required

for

for the sub-Treasurer and shroff and a barred door on the west of the sub-Treasury. A letter will be addressed to the Executive Engineer for favor of an estimate, which may exceed the limits laid down for execution by the Revenue Department". - The Executive Engineer was accordingly requested in February 1891 to furnish an estimate for the necessary repairs.

2. On the 1st October 1892, the Executive Engineer forwarded to the Superintending Engineer for sanction an estimate for Rs 2670 for improvements to the Deputy Tahsildars Cutcherry. The Executive Engineer now requests me that the sanction of Government may be obtained for the preparation of the estimate under G. O. dated 7 October 1892, No: 2806 W, communicated with the Boards Proceedings dated 5 November 1892, No: 643. A Copy of his endorsement dated 9 February 1893, No: 387, is enclosed.

3. It will be observed that the

Executive

Executive Engineer was requested to prepare the estimate long before G. O. dated 7 October 1892, No: 2806 W. was passed. In fact the estimate was, as stated in para 2, prepared and submitted to the Superintending Engineer on the 1st October 1892. The Superintending Engineer, however, deals with a letter from the Executive Engineer dated January 25th 1893. It is not clear how this delay of over three months occurred or why the Superintending Engineer appears to have ignored the Executive Engineers letter of the 1st October. Under these circumstances I do not think that the Government Order referred to, is applicable to the present case. If, however, Government sanction is considered necessary, I beg that it may be obtained.

4. The roof of the building is reported to be damaged by white ants and the sky-lights are necessary

owing

owing to the darkness of the room, the roof being low, and there being verandahs on both sides of the building.

Resolution

Submitted to Government with the request that, as the Superintending Engineer appears to think it necessary to obtain sanction for the preparation of an estimate that has already been prepared, this sanction may be now accorded.

2. Attention is invited to para 3 of the Collector's letter.
