TECHNICAL NOTE

Name of work Metalling & gravelling the road
from Ellore to Sanivarpet, Godavari District
Amount of estimate Rs. 8440

In the report accompanying the
estimate it is stated that the
maintenance grant of Rs. 200 for the
road has been found to be quite
insufficient to provide for the ne-
cessary repairs to owing to the
heavy traffic in the first 6 miles
long of the first mile which
consumes the whole grant. It
is also stated that the road
surface is badly cut up & the
gravel in many places has
disappeared.

The estimate under review
provides for metalling the first
mile, where the traffic is heavy,
with 6 inches of stone metalled to
a width of 15 feet, blinding with
2 inches of gravel & 4 inches of
the remaining 2 miles with
6 inches of gravel to a width

The annual grant
of Rs. 200 for the
upkeep of these
Smiles should
suffice when it
is paid on time —

The cost of
repairs could
not be met.
