Read—the following papers :—

From G. P. CARLESS, Esq., Executive Engineer, No. II Periyár Division, to the Superintending Engineer, VI Circle, dated 1st March 1893, No. 327.

In continuation of this office No. 243, dated 14th February 1893, forwarding, for your information, copy of Overseer Narayanasawmy Naidu's letter reporting the loss by fire of certain tools and Rs. 12, being the undisbursed salary of two lascars, I have the honour to inform you that Rs. 4 and some melted piece of coins were picked up and have been received in this office as below :—

	Rs.	A.	P.
Unmelted coins	4	0	0
Melted pieces weighing about tolas 3; the latter may fetch about	2	4	0
Thus the amount available is about ...	6	4	0

2. I have therefore the honour to request that you will be so good as to authorise me to pay the difference of Rs. 5–12–0 and instruct me how to adjust the same in the accounts.

No. 584 P.R.

Copy submitted, through the Examiner, Public Works Accounts, to the Chief Engineer, Public Works Department, for favorable orders of Government.

2. In his letter, dated 10th * February 1893, Narayanasawmy Naidu, Overseer, reported that, on the 9th idem, his house together with nearly 24 other houses were burnt down in the village of Oorsery, his head-quarters, and that his own property in addition to the Government stores that were in his charge were destroyed or damaged; then the Executive Engineer was asked to report on the articles damaged. This report, which was in detail, was submitted in his No. 272 of the 21st February 1893. From this and the overseer's report as it appeared that the damage and loss of the stores noted in the margin were accidental, they were, as proposed by the Executive Engineer, ordered in this office No. 572 P.R., dated 23rd February 1893, to be written off under para. 111, chapter X, volume I, of the Code.

* Received with Executive Engineer's No. 243 of 14th February 1893.

5. As regards the loss of money, of the 12 rupees — undisbursed portion of the salary of two lascars — Rs. 8 appear to have melted together with some private money of the overseer, and, of these 8 rupees, only 3 tolas of silver valued at Rs. 2–4–0 are recovered. The Executive Engineer therefore proposes that the difference Rs. 5–12–0 should be borne by Government. This proposal does not appear unreasonable. Orders are requested.
