27th March 1893, No. 825 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following paper:—

G.O., dated 16th March 1893, Mis. No. 1081, Revenue.

Read—the following papers:—

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 3rd February 1893, Mis. No. 730.

Read—the following papers:—

Letter from the Accountant-General, dated 15th December 1892, No. 3726.

With reference to Board's Proceedings, Mis. No. 7093, dated 29th August 1892, sanctioning the construction of 17 new rain gauge stations in the South Arcot district, I have the honour to inquire whether the execution of the work in question by the agency of the Public Works Department has been sanctioned by Government in the Financial Department. If not, I request that you will be good enough to obtain the required sanction to enable me to place funds at the disposal of that department as requested by the Collector.

Reference on the above, dated 24th December 1892.

Abstract.—Requesting the Accountant-General to send a copy of the Collector's letter addressed to him.

Letter from the Collector of South Arcot, to the Accountant-General, dated 16th November 1892, Reference on Register No. 2462/A.C. Eng. of 1892.

With reference to your letter, dated the 24th October 1892, No. I.A.C.D./51, I have the honour to state that the Executive Engineer of this district says that he cannot accept the sum of Rs. 425 placed at his disposal, as Executive Engineers are, under the rules of the Public Works Department, prohibited from accepting cash tendered by the civil or other departments for the execution of works or any other sums in addition to their credits at the treasury. He requests that the amount in question may be placed at the disposal of the Public Works Department and the fact communicated to him through the Superintending Engineer, V Circle.

2. I request therefore that you will be good enough to issue necessary instructions in the matter.

Endorsement by the Accountant-General thereon, dated 23rd January 1893, No. A.B.V./28 S.A.

Copy forwarded to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture with reference to Board's reference No. 10821, dated 24th December 1892.

Resolution—dated 3rd February 1893, Mis. No. 730.

The papers read above will be submitted to Government.

2. Referring to para. 2 of the rainfall circular No. I of 1891, issued by the Imperial Meteorological Department, the Collector of South Arcot placed at the disposal of the Executive Engineer the sum of Rs. 425 for constructing new rain

gauge pillars, &c. The Executive Engineer pointed out that he is prohibited, under the rules of the Public Works Department, from accepting cash tendered by civil or other departments, unless the amount is placed at the disposal of the Public Works Department by Government and the fact communicated to him through the Superintending Engineer, V Circle. The Accountant-General, to whom the Collector made a reference, asks the Board to obtain the sanction of Government in the Financial Department to enable him to give a letter of credit to the Executive Engineer. The Board requests that the necessary sanction may now be granted.

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 18th February 1893, Mis. No. 1101.

Read—the following paper:—

Letter from the Collector of Madura, dated 18th January 1893, No. 10.

With reference to para. 3 of Board's Proceedings No. 663, dated 3rd October 1892, I have the honour to state that new masonry pillars have to be constructed for the fixing of the Symons' rain gauge at the 19 stations named in the margin and to request that the sanction of the Board may be obtained therefor. In the first fifteen stations, the present pillars are not suitably located and in the latter four there are no pillars at all, being new stations.

1. Tirumangalam.
2. Dindigul.
3. Palni.
4. Vedasandur.
5. Mélúr.
6. Tirushuli.
7. Ramnad.
8 Periyakulam.
9. Muthuragunathapatnam.
10. Morekolam.
11. Mudukulatur.
12. Nellakóta.
13. Sivaganga.
14. Usilampatti.
15. Uthamapalayam.
16. Manakkudi.
17. Theethandathanam.
18. Devakóta
19. Tiruvadanai.

2. I have excluded five other stations where rainfall statistics are now taken, namely, Madura, Pámban, Kodaikánal, Tirupatúr and Vattanam. At Madura and Pámban there are regular meteorological observatories. At Kodaikánal too there is a trial observatory and the question of constructing a rain gauge pillar may be postponed. As to Tirupatúr and Vattanam, the present sites are reported to be quite suited to the imbedding of the Symons' gauge which can be done at the cost of a few annas.

3. I consulted the Executive Engineer as to the cost of constructing the pillars. The rates provided for in the estimate referred to in the Board's Proceedings under reply are sufficient except for Uthamapalayam in Cumbum valley. Here the ordinary rates for brick in chunam are one-half as much as in other places. A special rate of Rs. 24 per 100 cubic feet is reported to be necessary.

4. In order to secure uniformity in the construction of the pillars, I request that orders may be issued for the work being carried out by the Executive Engineer in consultation with the District Medical and Sanitary officer as suggested by the Meteorological Reporter.

Resolution—dated 18th February 1893, Mis. No. 1101.

The Collector's proposals in the first three paragraphs are approved and sanctioned. The total amount required to replace existing gauges and constructing pillars, &c., should be reported.

2. With reference to para. 4, the sanction of Government will be requested, in continuation of Board's Proceedings, dated 3rd instant. Mis. No. 730, to have the rain gauge pillars, &c., constructed by the Department of Public Works.

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 6th March 1893, Mis. No. 1455.

Read—the following paper:—

Letter from the Accountant-General, dated 28th February 1893, No. 592.

I have the honour to forward, herewith, copy of letter No. 165 P./Genl., dated the 17th February 1893, from the Collector of Malabar and to inquire whether the sanction of Government in the Financial Department has been obtained for the execution of the work therein referred to by the Public Works Department. If not, I request that you will be so good as to obtain the required sanction to enable me to place funds at the disposal of that department as requested by the Collector.

9/825

ENCLOSURES.

From H. BRADLEY, Esq., Acting Collector of Malabar, to the Accountant-General, dated Calicut, 17th February 1893, No. 165 P./Genl.

Adverting to the Board's Proceedings (Revenue Settlement, Land Records and Agriculture), dated 23rd December 1892, Mis. No. 9698, sanctioning the revised estimate for Rs. 230 for erecting rain gauge pillars in this district, I have the honour to request you will be good enough to place the sum at the disposal of the Executive Engineer, West Coast division, who has been asked to carry out the work.

2. A copy of his letter, dated 14th February 1893, No. 392, is enclosed.

From A. JOYCE, Esq., Executive Engineer, to the Collector of Malabar, dated Kumlupur, 14th February 1893, No. 392.

In returning the treasury receipt for Rs. 230 referred to in your Proceedings, dated 26th ultimo, No. 73 P./Genl., I have the honour to inform you that the rules of this department preclude me from drawing the amount unless placed at the disposal of this department through the Accountant-General, Madras, as pointed out in my No. 196, dated 21st January 1893. I, therefore, request that the Accountant-General may be addressed to effect the transfer.

Resolution—dated 6th March 1893, Mis. No. 1455.

Submitted for the early sanction of Government in continuation of Board's Proceedings No. 1101, dated 18th February 1893.

Order—dated 16th March 1893, Mis. No. 1081, Revenue.

Orders will issue in the Public Works Department for the construction by the agency of that department of the rain gauge pillars referred to in the Board's Proceedings read above.

2. As regards the transfer of funds, orders will issue in the Financial Department.

(True Extract.)

(Signed) E. GIBSON,
Ag. Secretary to Government.

ORDER—dated 27th March 1893, No. 825 W., Public Works.

Communicated to Superintending Engineers concerned who will arrange for the execution of the required work on funds being made available.
