Order—No. 840 W., dated 28th March 1893.

Flag—1

The papers quoted above are replies to the Chief Engineer's circular No. 4270 C., dated 27th September 1892, calling for lists of persons who should be transferred from "Establishment" to "Works" under paragraph 67, chapter VII, of the Public Works Code. The lists contain the following classes of establishment :—

(a) Anicut superintendent.
(b) Delta do.
(c) Boat do.
(d) Niranicum do.
(e) Embankment superintendent.
(f) Tank superintendent.
(g) Anicut maistry.
(h) Irrigation clerk.
(i) Tappal lascar.
(j) Stock writer.
(k) Punt do.
(l) Sweeper and scavenger.
(m) Weir superintendent.
(n) Lock superintendent.
(o) Anicut lascar.
(p) Delta do.
(q) Channel do.
(r) Aqueduct lascar.
(s) Weir lascar.
(t) Lock do.
(u) Sluice do.
(v) Niranicum lascar.
(w) Sluice keeper.
(x) Lascar (duty not specified).
(y) Watchmen to look after buildings and stores.

2. His Excellency the Governor in Council is of opinion that the employés shown as items (a) to (h), (m) and (n) above may continue to be charged to "Establishment, Permanent," and that those shown as items (i) to (l) should be debited to "Establishment, Temporary." The remainder, items (o) to (y), will be transferred to "Works," but an exception will be made in the case of men, now on the establishment, of 20 years' service and upwards who will not be disturbed. Three months' notice should, under article 478 of the Civil Service Regulations, be given to all those whose appointments on the establishment are abolished under the present orders and the requisite applications for gratuities admissible to these men under the rules should be submitted.

No. 477 G.L.

Superintending Engineer's Office,

II CIRCLE, Bezwada

Dated 17 January 1893.

9

From,

J. W. Martin Esquire,
Superintending Engineer,
II Circle.

To,

The Chief Engineer,
Public Works department,
Madras.

Sir,

Encl 1

With reference to your Memo. No. 4270 C d/ 27.9.1892, I have the honor to submit herewith a statement of temporary and permanent Establishment chargeable to "works", under para 67 Chapter VII of the India Code, whose pay is being charged to Establishment proper, and to state that in the proposition statement submitted from this Office on 23.11.92 for Temporary Establishment required for 1893-94, the names of men, who should not, under the above rule, be retained in the Regular Establishment

para 712 (1907 Edn)

have been omitted.

2. Besides the above, there are the 12 men sanctioned under permanent establishment in G.O. No. 1500 W, d/ 16.5.1892 for regulation of sluices on the Ellore Canal in Kistna Eastern Division, and some more permanent men in the Kistna Western and Nellore Divisions (detailed in the statement accompanying) whose duties seem to be such as are governed by the Code rule quoted above.

3. But the Executive Engineers, Kistna Eastern and Western Divisions consider that your Circular does not refer to any permanent member of the water regulation Establishment, and the latter officer thinks that permanent and not temporary men should be employed to regulate sluices as at times the position of the men is very responsible, and, therefore, permanent men should be employed. I agree with these opinions, and recommend that men employed on the regulation of sluices should be on the permanent establishment.

4. But pending orders of Government on this reference, the Executive Engineer, Kistna Eastern Division has been

ordered not to employ men permanently for the 12 posts sanctioned for the Ellore Canal in G.O. quoted in para 2 supra.

8

5. All Conservancy establishment employed at the Locks, Anicuts, wharves and Delta Lascars have been excluded from the statement as their duties are multifarious & therefore, appear not to be covered by the Code Rule quoted in your Circular under reply.

I have the honor to be,
Sir,
Your most obt servant,

J W Martin
Superintending Engineer,
3rd Circle.

SUPERINTENDING ENGINEER'S OFFICE,
V Circle, Madras,
Chepk., 23rd January 1893.

No. 26 W.

From
J. Kannan Esquire
SUPERINTENDING ENGINEER, V CIRCLE,

To
THE Chief Engineer
P. W. Department.

Enclosures.
2 Lists

SIR,

With reference to your Circular No. 4270 C of 27th September 1892, I have the honor to forward in the prescribed form a List of men on the permanent Irrigation Conservancy Establishment in this circle, whose pay should, under Government of India Code Vol I, Chapter VII Para 67, be charged to "Works". There are no men on this Establishment, whose pay is charged to "Establishment Temporary". Superintendents on this Establishment have not been included in the List, as the pay of this class of men is apparently not intended to be charged to works.

2. A list of watchmen employed under Establishment temporary and whose pay should under the rule in Government of India Code above alluded to be charged to works is also enclosed.

3. According to the provision in the Budget the pay of the Conservancy Establishment (excluding

Super-

Superintendents) of the Tanjore District is Rs 963 per month. The pay of the permanent Conservancy Establishment (excluding Superintendents) now employed in Tanjore and Negapatam Divisions as per enclosed List amounts to Rs 720. per month. Men are also employed on the Irrigation Conservancy Establishment whose pay is charged to Works on locally sanctioned Estimates. The pay of these men per month amounts to Rs 655 for Tanjore and Rs 603 for Negapatam Division or Rs 1258 for the two Divisions. If required detailed Lists will be submitted.

Tanjore Rs 584
Negapatam " 13
= 720

I have the honor to be
Sir
Your most obdt Servt

V Harman
Supdt Irrigation & Canals

Note:

The total number of lascars shown under "Permanent" in each division considerably differs from the number given in Part III of the Provincial Service Budget of the Current year.

the numbers in the foregoing list are those actually existing at present, and it is not known how the numbers in the Budget were arrived at. It is presumed that in the latter the sanctioned scale was adopted, without taking into consideration the reduction caused through different casualties, or in other words, the number removed from the list of permanent lascars through casualties, and whose places have been filled in by temporary men, charging their pay to "works", under G.O. No: 1616 W of the 15th June 1887.

2. The correct number of lascars under River Conservancy in Tinnevelly appears to be 4 and not 5 as shown in the Budget.

3. Under the head "Temporary" watchmen, sweeper &c sanc-

-tioned under "Temporary Establishment" are shown, as it is not known whether these are intended to be charged to "Establishment" or "Works"

22/12/92

READ the following:—

Office note 368
20/12/92 from
Asst Chief Engineer
for Irrigation.

FOR ORDERS.

(1) The Hon'ble Member's perusal of Letter 120 - 6/10/92 from Secy to Govt N.W.P. & Oudh - P.W.D. is particularly requested
(2) On office note 334 7/9/92 from "D" & I" will be found attached & in red ink the views of the then Chief Engineer for Irrigation on the subject; and the Hon'ble Member's reconsideration of the subject in the light of the fact now brought to notice

I await the information ordered to be collected in Col. Pennycuick's circular

I don't see that the fact that a procedure contrary to the Code rule is adopted in the NWP is any reason why we should continue it. And if the revenue results of the Major works will come out a little worse in consequence of the change, they now benefit at the expense of provincial estabt. which is unduly enhanced

I think with Col. Pennycuick that it is more important to reduce the rate of the latter which is always being pointed at as excessive than to save a decimal place or two in the percentage return on irrigation works which can well stand it.

From the Chief Engr: for Irrigation No. 368 of 20 Dec. 1892

FOR ORDERS.

The information called for in the Chief Engineer's Circular No. 4270 C dated 27th September 1892 has now come in and is tabulated in two parts. Part A contains those on the Permanent Establishment and Part B those on the Temporary Establishment. Those shown in Part B have no claim to pension though, if the principle of of code rule para 67 chapter VII be affirmed, they should be transferred to Works.

In some cases Superintendents and Maistries have been entered. These should, it is thought, be eliminated, i.e. they should continue to be charged to Establishment.

All those marked thus × in the compiled statements should, t is thought, continue o be charged against Establishment and those marked thus ✓ be transferred to Works.

The question of claims to

to pension or gratuity remains to be considered.

Under Article 524(a) of the Civil Service Regulations no inferior servant with less than 5 years service is entitled to gratuity on abolition of appointment. Such men therefore need not be taken into account, but there are many others with more than 5 years service. Whether the whole of this service has been on the Pensionable Establishment can only be ascertained by a detailed verification of service in each case by the Executive Engineers under whom the men are employed. The statements submitted will, however, afford an approximate idea of the claims to be satisfied. The periods entered may be regarded as the maximum; as a detailed

detailed investigation will doubtless disclose a great deal of non-qualifying service.

If, therefore, the Govt. now formally affirms the principle of Code rule para 67 Chapter VII, there will be an immediate termination of pensionable service, and claims to pension or gratuity can be taken up and disposed of in detail

FOR ORDERS.

& now para 712 - P.W. Code (1907) ed.

Make some kind of abstract or summary of these statements to illustrate the effects of the transfer.

U.C.
2 Mar

Resubmitted with abstract and Summary

44

Summary

I don't see why Lock Supts. should be treated differently from Lock Lascars.
I would carry out the change in respect of all men ~~of~~ of less than 20 years service in Estabt. to be now transferred to works. The appts. should be abolished & application for gratuities sent in.

U.C.
12 Mar

Statement A shows 940 men on the Permanent Establishment the aggregate amount of whose pay comes to Rs 7008 per mensem; but of these, 110 men drawing Rs 2,429 should, it is thought be excluded, i.e., they are properly chargeable to establishment. The number remaining to be transferred to Works is thus 830 men drawing Rs 4579.

Taking next claims to compensation, 195 men have less than 5 years' service, and are not entitled to compensation on abolition of appointment. Of the remainder, 612 men can claim gratuities aggregating Rs 1352½ and 28 men pensions amounting to Rs 85½ per mensem.

Statement B shows 90 men on the Temporary Establishment

[illegible]

establishment, 7 of these ~~must~~ should continue to be charged to establishment. The remainder 83 with salaries aggregating Rs 383½ will be transferred to Works without compensation.

The total amount to be transferred from Establishment to Works will thus be Rs 4579 + Rs 383½ = Rs 4962½

The details of the above are shown on statements A and B.

The following are the rules for calculating pensions and gratuities:–

Gratuities – less than 5 years nil

5 years to less than 10 years – 3 months pay
10 — do — 15 — do 4 — do
15 — do — 20 — do — 5 — do —
20 — do — 30 — do — 6 — do —

Pensions – 30 years and upwards ½ pay. subject to maximum of Rs 4/-

11/3/93

P. W. DEPARTMENT.

22/3/93

READ the following :—

FOR ORDERS.

(1) The draft orders about transfer of Establishments from "Establishment" to "Works" has been prepared in accordance it is believed with the intentions of the Hon^ble^ Member, but before he deals with it I hope he will consider the following remarks with reference to his minute d/ 12/3/93 on the "Summary" d/ 11/3/93

(2) Lock Superintendents hold very responsible posts – they have to control navigation, keep navigation registers – measure boats – and many of them have to collect large amoun

[illegible] many of [illegible]
and they one and all have great opportunities for extortion; temporary men, who have little to lose if dismissed as compared with permanent men are much more likely to perform their duties unsatisfactorily and to prey on the Sirhind Canal travelling public than the better class of men who can be obtained for the posts if they are permanent and who have so much to lose if they forfeit their appointments — These remarks also apply not to their full extent, but to a considerable extent, to "Lock" & "better" Lascars, the latter of whom have much to do with the distribution of water —

The Hon. observes that he does not see why Lock Supdts. should be treated differently from Lock Lascars —

I do not think that there can be any doubt that Lock Supdts. should be charged to Estt. Rent —

It is a very responsible appointment. These men collect fees, control navigation, compile statistics, measure boats & have many other duties that would make it inadvisable to employ temporary men for —
The question is whether
