Sir,

With reference to your No 2240 G. D. of 4th February 93 I have the honor to state that the future operations will of course, direct-ly benefit by the repairs carried out to the bilus and the erection of new sheds for storage of lime and to request that sanction of Government be obtained for debiting the amount to "Land and bilus" and adjusting it in 10 yearly instalments

I have &c

SIR,

In reference to your Memorandum No-315 C dated 23rd January 1893, I have the honor to forward herewith copy of letter No 744 S. dated 14th February 1893 stating that the future operations will directly benefit by the repairs now carried out to the kilns & the erection of new sheds for storage of lime-

× from the Executive Engr. Eastern Div. Godavari

2. I am, however, of opinion that the duration of 10 years proposed by the Executive Engineer for the complete adjustment of the charge by debit to manufacture account is too long a period, & I would suggest that the adjustment should be completed by 5 yearly instalments.

I have the honor to be,
Sir,
your most Obedient Svt
