OFFICE NOTE No. 841 C

To

W.

With reference to para 3 of G.O. No. 574 W. of 4th. March 1893, I beg to point out that the usual percentage charges on account of establishment and Tools and Plant on the total outlay on famine relief works in the Cuddapah and Kurnool Divisions have been omitted to be eliminated in arriving at the debits to Establishment and Tools and Plant under Incorporated Local Funds.

2. The total outlay during 1892-93 on Famine Relief Works in the above two divisions amounts to Rs. 58,836 and 24½ per cent on this sum will give Rs. 14415. If therefore this latter amount is written back to Provincial funds (which will be done in the accounts for January 1893) the probable outlay of the year under 45 Civil Works Local will amount to Rs. 1,73,826 or Rs. 4,174 less than the revised estimate of Rs. 1,78,000.

3. Whilst on this subject, I may mention that it is expected that the grant for scrutiny of Local Fund Estimates

P. W. CURRENT No. 2538

will be exceeded by about Rs.4,000 as the probable adjustments during the current official year on account of this item will amount to about Rs.11,000 against a grant of Rs.7,000. I would suggest therefore that this excess of Rs.4,000 may be met by a transfer of grant from the Godavari Western and Kistna Eastern Divisions where lapses of Rs.1,957 and Rs.2,204 respectively are anticipated.

Note
Transfer cannot be made unless the works in which lapses are likely to occur are reported.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Office note from the Examiner of P. W. Accounts (No. 841 C d/15 March 1893)

It is observed that the Examiner does not now anticipate any excess over the revised estimate under Incorporated Local Works.

100
As regards para 3 of the office note quoted above, it is too late in the year to arrange for specific transfers of funds to adjust excesses within budget limits.
