GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

From G. D. WYBROW, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 5th June 1891, No. 465 G.D.

In submitting letter from the Executive Engineer, Godávari Eastern division, No. 141 S., dated 2nd June 1891, I have the honour to request that the modification of G.O., No. 1139 W., dated 24th April 1891, asked for by the Executive Engineer, may, in the circumstances stated, be sanctioned.

ENCLOSURE.

From the Executive Engineer, Godávari Eastern division, to the Superintending Engineer, I Circle, dated Dowlaishweram, 2nd June 1891, No. 141 S.

With reference to your No. 101-Gl. of 16th May 1891, on G.O., No. 1139 W., of 24th April 1891, I have the honour to bring to your notice that, in accordance with G.O., No. 1931 W., of 17th July 1890, the working expenses of the shops, *e.g.*, establishment, repairs to buildings, tools and plant, &c., were debited to "Irrigation, 42. Major Works, Working Expenses" *up to the close of the official year* 1890-91, and in consideration of this debit, 25 per cent. was charged to other than delta works up to 31st March 1891. Agreeably to the procedure sanctioned in para. 2 of G.O., No. 371 I., of 25th May 1886, no exception to this charge was taken by the Examiner, Public Works Accounts, except in the Government Order under reference.

2. If centage be omitted for other than delta works from 27th October 1890, as stated by the Examiner, Public Works Accounts, in his office note, dated 16th April 1891, Irrigation funds will have to bear a loss of about Rs. 5,700, and this the Examiner, Public Works Accounts, does not appear to have realized in giving his opinion to Government.

3. Revenue account of the delta should not, I think, be saddled with any loss on account of the working expenses of the shops. This will be obviated if centages already charged to the works unconnected with the delta and accepted by the Examiner are allowed to stand.

4. To withdraw or write back the centage in the supplemental accounts for March would, moreover, entail numerous adjustments and would materially affect the utilization of grants for Provincial and other works for the last official year.

5. Under the circumstances, I have the honour to request that you will be good enough to move the Government to modify G.O., No. 1139 W., of 24th April 1891, as it is but fair that Provincial and other works should be charged with centage on account of the working expenses of the Dowlaishweram shops, since these were classed under irrigation up to 31st March 1891.

Office note from the Examiner, Public Works Accounts, dated 8th July 1891, No. 3834.

ORDER—dated 3rd August 1891, No. 2092 W., Public Works.

On reconsideration, His Excellency the Governor in Council resolves to cancel the orders contained in G.O., No. 2838 W., dated 27th October 1890, with effect from

the 1st April 1891. Twenty-five per cent. will continue to be charged on all work done in sub-divisional workshops for Public Works other than Provincial as well as for other departments and for private parties.

2. The charges made in the accounts for 1890-91 will not be disturbed.

(True Extract.)

From the Superintending Engineer, I Circle, dated 12th September 1891, No. 1114 G.D.
Office-note from the Examiner of Public Works Accounts, dated 15th Sept. 1891, No. 5588.
From the Chief Engineer for Irrigation, dated 30th September 1891, No. 25 E.W.
Office-note from the Examiner of Public Works Accounts, dated 8th Oct. 1891, No. 6089.

ORDER—dated 29th October 1891, No. 2892 W., Public Works.

On further consideration the Government is of opinion that 20 per cent., instead of 25 per cent. as directed in G.O., No. 2092 W., of 23rd August 1891, should be charged on work done in sub-divisional workshops for Imperial Irrigation. No percentage will be charged on work done for Public Works Provincial.

2. On all other work 25 per cent. will be charged.

3. Charges made in the accounts for 1890–91 will not be disturbed.

READ—the following paper:—

Office-note from the Examiner, Public Works Accounts, dated Madras, 21st March 1893, No. 946 C.

The rule in Madras Code, para. 1851, note 1, as amplified by Standing Order No. 925, requires that, in the absence of special orders of Government, an additional charge of 23 per cent., or 24 per cent. as the case may be, should be made on the value of stock articles sold to the public and certain other departments of Government to cover incidental expenses, and in G.O., No. 3064 W., dated 16th November 1891, this additional charge was reduced to 10 per cent. in the case of State Railways and the Military Works Department only.

2. The India Code, however, makes no distinction between sales to private parties and Government departments and prescribes one uniform percentage, namely, 10 per cent., neither more nor less, being levied in such cases; please see chapter XIV, para. 133 A.

3. As the rule in the Madras Code is still observed by Executive Engineers, please say, with reference to the reservations specified in the foot-note to India Code, chapter I, para. 1, whether Government desires to maintain the Madras Code rule any longer or whether the uniform rate of 10 per cent. observed elsewhere in India and Burma may now be adopted in this Presidency also. Uniformity throughout the department appears desirable.

ORDER—dated 30th March 1893, No. 884 W., Public Works.

His Excellency the Governor in Council observes that there are special reasons for the differential charge in this Presidency. The local rules should, therefore, be maintained.
