Herewith the statement asked for. It gives the result in the case of officers who proceeded on furlough within the 12 months from 1st.October 1891 to 30th.September 1892.

2. Under the present system of making promotions only from class to class the statement shows that there has been a net saving of Rs.23,876 while if promotions were admissible from grade to grade in a class, it would have resulted in an extra cost of Rs.6,656.

3. It has been assumed that no promotions would have been made from Asst. Engineer 3rd. to 2nd.grade and that no appointments would have been made in the 3rd.Grade of Asst.Engineers.

4. R.E. Officers who proceeded to Chatham have been excluded from the statement.

69

Col. A.C. Smith's case would be similar to that of Col. Bowen, but as in the case of R.E. officers the question of military boy comes in, a good typical case would be that of a Civilian Superintendent 1st Class going on furlough -

In such case the officer's pay on the active list would be Rs 1600 & his furlough pay Rs 800 - the saving would be Rs 800 -

The cost of promotion under existing rules would be as follows -

2 Clerks on Rs 1350	to 1 Clerk on Rs 1600	=	250	
3 " = Rs 1100	to 2 " =	Rs 1350	=	250
1 Judge = 950	to 3 S.S. 3 Clerks =	1100	=	150
1 " = 500	to 3 S.S. 4 Judges =	600	=	100
			Rs	750 -

If promotion were given all the Judges, the cost would be

2 Clerks on Rs 1350	to 1 Clerk on Rs 1600	=	250	
3 " = 1100	to 2 " =	1350	=	250
3 S.S. 1 Judge = 950	to 3 S.S. 3 Clerks =	1100	=	150

A.S. 1 " = 500	to 3 S.S. 4 " =	600	=	100
A.S. 2 " = 350	to A.S. 1 " =	500	=	150
			Rs	1250

Under present rules there is a saving of Rs 50

W/ Govt Order dated 20th

To W

909/6

The retention of Col. Bowen's name on the Madras list prevents the promotion of Lts. Engineers from grade to grade - He is in the same position as any other Officer of the P.W.D. absent on furlough.

Promotions among Deputy Engrs in his room have been given from Class to Class - and Ex. Engrs 1st Grade has been given temporary rank as Deputy Engrs III Class, and Asst. Engrs 1st Grade has been given temporary rank as Ex. Engrs IV Grade.

Major Campbell's transfer to Mysore has given 2½ per Cent steps through all the Classes & Grades below him - Lts is in receipt of the allowance

the promotion would stop
the funds, the extra cost
would be Rs 450-

the saving under
existing rules is counter-
balanced by the payment
to many officers of pulses
per at 2 Rupees the
Rupee - the extra cost
of which falls on India
revenues -

Office note 668-4/3/93 from the Examiner of Public Works accounts with Statement —

FOR ORDERS.

I have no objection to the proposed change of rule being recommended to India. The amount involved in the change in Madras is small but India is likely to say that the change is made in our provinces it must be made in all and then the extra charge is likely to run to big figures. I fear such is not likely.

DL 27/3/93

W 30 Mar

(1) The Statement above for one Year the Public works Accounts will regards Cost, of the rule in this Department which does not allow Temporary promotion from Grade to Grade to full Vacancies Caused by absence on leave, it does not what would have been the Cost had such promotion been allowed—

(2) It will be seen that that the present rule caused a charge to Government of Rs 23,876 whilst the proposed rule would have involved

Scale as well as from Class to Class this Scale would have been Converted into one Extra Class of £6,656-

(3) The result as far as the numbers drawing the pay of the different Classes & Grades has of course constantly varied but has always been that the three first Grades of the Executive Engineer Class have been shared whilst the fourth has been Forged. The state of affairs at the Commencement of the month was

			Actually drawing pay of the Scale
Executive Engrs - 1st Grade - Scale	Rs	No 11 -	6 -
" " 2nd "	"	11	10
" " 3rd "	"	12	10
" " 4th "	"	4	12

And as many officers are about to go on leave the disparity between Scale & actuals will soon be cured. Grade 4 - This causes a feeling of Randelish amongst the officers on the 2nd 3rd & 4th Executive Grades. They see vacancies in the Scale above them & whilst it seems as though they might be promoted for a term

5- This can only be obviated at a comparatively small cost by either altering the rule, or by "Clearing" instead of "Grading" all the Executives in the same way that all appointments to the Superior Accounts branch are "Cleared" see Gazette of India 11 Feby 98 page 83

6- The rule which so prejudicially affects this Department does not obtain in the Forest or Police see Letter 761. 13 Oct from the Accountant General

No. 909 dated 7th April 1905. P.W.D.

To the Secy to the G. of I.
P. W. D.

Sir,

I am directed to convey the sanction of H.E. the Governor in Council that the rules to para 80 chapter I, Code, under which temporary promotions in the Engineer establishment of the P.W. Dept can only be made from class to class, and not from grade to grade within a class, may be reconsidered by the Govt. of India.

2. A statement is forwarded herewith showing for one year the result of the rule as

as regards cost, & also what would have been the case had promotions from grade to grade been allowed. It will be seen that the operation of the present rule caused a clear gain to Govt. of Rs 23,876 for the period in question, whilst had promotions been made from grade to grade as well as from class to class, this gain would have been converted into an extra charge of Rs 6,656.

3. The result as far as regards the numbers drawing the pay of the different classes & grades has of course constantly varied, but has always been that the three first grades of the Ex. Engineer Class have been cleared while the number in the fourth grade has been ab:

above Rs 2, dwelled. The figures on the 1st March 1893 were,—

	Sanctioned Scale	numbers actually drawing the pay of grade
Ex. Engrs 1st grade	11	6
" " 2nd "	11	10
" " 3rd "	12	10
" " 4th "	4	12

and as several officers have since gone, or are about to proceed on furlough, the disparity between sanctioned scale and actuals will soon be much greater.

4. The operation of the rule causes a feeling of hardship among the officers near the top of the 2nd, 3rd & 4th Executive grades inasmuch as they are filled ~~in the grade~~ by Vacancies ~~in the grades~~ above them & ~~to which they~~ ~~cannot be promoted for a time~~, & I am to point out that this feeling of hardship ought

be obviated at a comparatively small extra cost to Govt. by either altering the rule or by "classing" instead of "grading" all the Executive, in the same way that all new appointments to the superior accounts Branch are classed, vide notification No. 53 in Part I of the Gazette of India of the 11th February 1893.

5. It will be seen from the accompanying copy of a letter from the Accountant General Madras, No. 761 of 13th March 1893, that the rule which so prejudicially affects Officers of the Public Works Department, does not obtain in the Forest or
