GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

G.O., dated 13th March 1893, No. 542, Judicial.

Read—the following paper:—

From the Inspector-General of Jails, dated 23rd February 1893, No. C. 630.

I have the honour to submit, herewith, for the approval and sanction of Government, an estimate, amounting to Rs. 5,500, for the construction of 15 huts for the warder establishment at the Tanjore District Jail.

4. I have not countersigned the plan, because I think the huts should be built in two rows with a street between and not back to back.

Order—dated 13th March 1893, No. 542, Judicial.

The plan and estimates are approved subject to the modification proposed in para. 4 of the Inspector-General's letter if the cost will not be thereby increased and will be transferred to the Public Works Department.

(True Extract.)

(Signed)

A. BUTTERWORTH,
Acting Under-Secretary.

Note by the Acting Chief Engineer, Public Works Department.

The modifications suggested by the Inspector-General of Jails will render necessary an additional wall throughout the length of the buildings together with an extra ridge piece and wall purlin and probably a front verandah to each hut. The kitchens would then have to be placed in rear of each row. The cost of these changes of design would be considerable.

2. The original estimate of Rs. 5,500 is therefore recommended for sanction.

(Signed) G. T. WALCH,
Acting Chief Engineer, P.W.D.

29th March 1893.

ORDER—dated 7th April 1893, No. 911 W., Public Works.

As the modification proposed by the Inspector-General in the construction of 15 warders' huts at the Tanjore District Jail will entail additional expenditure, the estimate, as submitted, amounting to Rs. 5,500, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 4 W. of 1893-94 and classified as Civil Buildings, Original Works.

TECHNICAL NOTE.

Name of work Constructing 15 Wardens huts at
the District Jail, Tanjore.
Amount of Estimate Rs 5500

The estimate under review pro-
vides for constructing 15 Wardens
huts at the Tanjore District Jail.

The huts are proposed to be built
in one block with 7 huts on each
side & one at end running the
whole width of the block, as per plan.

The accommodation proposed for
each warden is a room 18' x 10' with
a front verandah 5 feet wide & a
Kitchen 7' x 5' at one end of the
Court yard except for the end
warden whose room will be 21'6" x
18'0" with front & rear verandahs
& Kitchens each 7' x 5' in the Court
yard.

Particulars of Construction:

The common wall is stated to be
built on the cut soil rocky.

The foundations are to be sunk
2 1/2 feet deep, the lower 6 inches to be
of concrete & the upper 2 feet of
brick.

911
5

brick in clay. The basement is to be raised 2 feet high & the superstructure walls raised to an average height of 10 feet & built with brick in clay, except the tops of basement & superstructure walls and around doors & windows for a depth of one foot which will be built of brick in chunnam. The interior & exterior faces of walls are to be plastered with one coat of chunnam & the floor laid with 3" of concrete & plastered over. The roof is to be of palm tiles laid over bamboo rafters & palm-leaf rafters supported by jungle wood ridge poles with purlins & braccumens, doors & windows are to be of country wood.

The rates are fair.

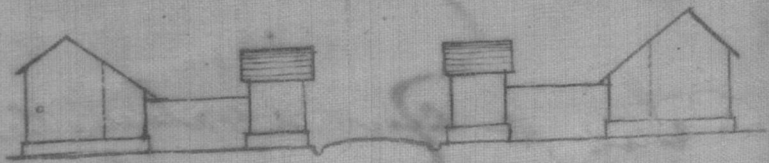

The approximate cost per hut will be Rs 366.10.8.

The reduction to be effected by the use of prison labor will be Rs 835.

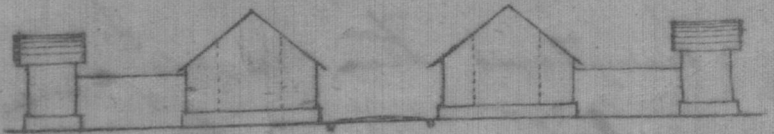

The estimate above has been considered by the Supt. General of Jails but not the plan, as that officer considers that the huts should be built in 2 separate blocks with a street between.

The plan & estimate have been approved in the Judicial Dept. subject to the modification proposed by the S.G. provided that the cost will not be increased. By providing 2 separate blocks as suggested by the S.G. with a street between the cost will be

be increased ~~1/4~~ as it will necessitate an additional wall ridge piece & wall purlins also palm-leaf rafters & extra roofing provided the frontage is at the kitchen thus.

if increased as before the cost will be further increased by an additional verandah.

~~1/4~~
24.11.93

I don't quite understand
what the 2d of
Jails could have
submitted these estimates
for approval & sanction
suggesting at the same
time such a radical
change in the design
(approved of in the Jd.
Dept.) as to render
his estimates useless.

The plans & estimates
are returned to the
Jd.

The Jd. Dept. only
sanctions the modification
unconditionally at the cost
not being thereby
increased - There
will however be a
considerable increase
in cost if the modification
proposed by the Jd. Dept.
is carried out - It is
his duty to be satisfied

Judicial Department.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:-

From the Inspector General of Jails, 23 May
1893 No. 630-

I have the honor to submit
herewith for the approval and sanction of
Government an estimate amounting to Rs 5,500
for the construction of 15 huts for the Warder
Establishments at the Tanjore District Jails.

I have not countersigned the plan,
because I think the huts should be built in
two rows with a street between and not
back to back.

Order, 12 March 1893, No. 542.

The plan and estimates are
approved, subject to the modification proposed
in paragraph 11 of the Inspector General's letter
if the cost will not be thereby increased and
will be transferred to the Public Works Department.

Proceedings, dated 13 March 1893
No. 542.

Subject.

Approving & transferring
with remarks to the P.W.
Dept plan & estimates
amounting to Rs. 5500
for the construction
of 15 huts for the Ward
establishment at the
District Jail. Bangalore

911
/ 10

Note by the Chief Engineer P.W.D.

The modifications suggested
by the Inspector General of
Jails will render necessary
an additional wall throughout
the length of the buildings
together with an extra ridge
piece & wall purlin & pro:
-bably a front verandah to
each hut. The kitchens
would then have to be placed
in rear of each row. The
cost of these changes of design
would be considerable.

The original estimate of Rs.
5500 is therefore recommended
for sanction.
