Note by the Ag. Chief Engineer for Irrigation No 38. I dated 14th March 1893.

The Examiner of P.W. Accounts has reported that the value, freight and loss by exchange

exchange on account of certain tools &c
indented for for works required for relief
purposes was debited in the accounts
of the Secretary of State to Imperial
funds under "35 Protective Works, Irri-
gation" instead of to Provincial funds under "45
Civil Works" the head of account to which
all English expenditure is usually charged.
As it is necessary that this expenditure
should be adjusted under the same head
as that adopted by the Secretary of State,
and as the necessary write-back entries
should be carried out in the accounts of
the outlay in India, the Examiner proposes
to debit the expenditure to Provincial funds
under "45 Civil Works" against the estimate
of Rs 16937 sanctioned in G.O. No. 2628. W
dated 31st August 1892 and credit the amount
to Imperial funds under "35 Protective Works,
Irrigation" in the accounts of Indian outlay,
and to transfer the amount thus rendered
available by the credit to meet the English
expenditure under the same head. The
Examiner's proposal is recommended for
sanction.

Sanction.

Order thereon No 238. Sd/17 March 1893.

A sum of Rs 46,679 out of the current
year's grant under "35 Protective Works, Irri-
gation" is transferred from "Expenditure in
India" to "Expenditure in England"
