GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

Office-note from the Examiner, Public Works Accounts, dated Madras, 1st March 1893, No. 606 C.

[*Non-submission of vouchers*].

In the correspondence noticed in the margin I brought to the notice of Government the excessive delay that still occurs on the part of disbursing officers in obtaining vouchers for payments made by them, and I now submit a detailed statement showing division by division the number of vouchers that had not been received by me on 20th February 1893 aggregating no less than 218.

Inspection report, dated 10th December 1892, on the North Arcot division, para. 19.
Office-note No. 54 A., dated 21st February 1893, paras. 16 and 17.

2. The following is an abstract of that statement:—

		Number of vouchers not received.	Amount involved.
			RS.
Of 2 months date		120	29,581
„ 3 „		37	1,900
„ 4 „		19	926
„ 5 „		18	3,664
„ 6 „		6	1,191
„ 7 „		12	4,094
„ 8 „		2	8
„ 9 „		2	25
„ 10 „		1	47
„ 22 „		1	20
Total ...		218	41,456

3. I have been battling with the difficulty in obtaining vouchers ever since I joined this Presidency; and although some improvement has taken place during the past year, the facts stated above are, I submit, sufficiently formidable to justify the adoption of stringent measures to ensure regularity on this point.

4. As stated in para. 16 of my No. 54 A., dated 21st February 1893, the interests of Government cannot be safeguarded while payments are made in this lax manner. I take it for granted that no officer of Government would part with private funds without obtaining a formal quittance for each payment, and such a precaution would appear to me doubly necessary in dealing with trust funds, especially as neglect to secure a voucher, at the time of payment, renders it the more difficult to obtain one months afterwards.

5. When my office was inspected last year by the Deputy Auditor-General, the irregularity was noticed in the following terms in his report, dated 7th July 1892:—

"There is often some incomprehensible procrastination on the part of Divisional officers in furnishing vouchers. The Examiner sends to Government a quarterly 'statement of vouchers long overdue' with the Executive Engineer's explanation and his own remarks against each item, and Government passes its orders in the last column of the statement. Generally speaking, the lists are not as long now as they were in 1890–91; but still the statement, dated 15th April 1892, shows 41 overdue vouchers, one of which appertains to the accounts of June 1890, nine to the accounts for March to May 1891, thirteen to those from June to August 1891, and eighteen to those of September and October 1891;"

and in reviewing that report the Comptroller-General remarked —

"Steps should be taken to secure prompt submission of vouchers. As no payments can be made without a voucher, delay in its submission is inexcusable."

6. The rule on the subject in Public Works Department Code, volume I, chapter X, para. 51, runs thus —

"No disbursement shall be made without a receipt being taken or a document being recorded as a voucher for it;"

and as the persistent disregard of it exposes Government to the risk of loss, I beg that such orders may be issued as will compel every disburser to obtain a voucher at the time of making a payment. I am unwilling to bring into operation the rule in Public Works Department Code, volume II, chapter XIV, paras. 55 and 64, under which an Examiner is bound after three months to recover, without any exception, the amount of every retrenchment by deduction from the salary of the officer concerned by monthly instalments not exceeding one-fourth of his staff or consolidated salary; but unless vouchers are received by me in future in support of every payment, I shall be powerless in the matter as the rule is imperative.

7. I am now sending each Superintending Engineer a statement of the vouchers due by each division in his circle; but in order that weight may be added to my request that prompt steps may be taken for submission of the vouchers now overdue, and as the matter is serious I would request that Government may be pleased to issue very early orders on the subject.

The Government of India P. W. D. Code does not prescribe any return for submission to Government corresponding with Madras P.W.D.Code Form I28 A, "Return showing date of receipt of accounts in the office of the Examiner", and the return is in my opinion, superfluous, involving as it does the same routine as that pointed out in my office note No. 278 C. dated I8th. July I892 in reference to certificates of examination of accounts.

2. If you have no objection, will you therefore please obtain approval of Government to the discontinuance of submission of this return in future, provided always that any case of repeated or excessive delay will be promptly brought to notice of Government by me.

and in reviewing that report the Comptroller General remarked:-

" Steps should be taken to secure prompt submission of vouchers. As no payments can be made without a voucher, delay in its submission is inexcusable."

6. The rule on the subject in P.W.D Code, volume I, chapter X, para 51, runs thus :-

" No disbursement shall be made without a receipt being taken, or a document being recorded as a voucher for it."

and as the persistent disregard of it exposes Government to the risk of loss, I beg that such orders may be issued as will compel every disburser to obtain a voucher at the time of making a payment. I am unwilling to bring into operation the rule in P.W.D. Code, volume II chapter XIV, paras 55 and 64 under which

an Examiner is bound after three months to recover, without any exception, the amount of every retrenchment by deduction from the salary of the officer concerned by monthly instalments not exceeding one-fourth of his staff or consolidated salary; but unless vouchers are received by me in future in support of every payment I shall be powerless in the matter, as the rule is imperative.

7. I am now sending each Superintending Engineer a statement of the vouchers due by each Division in his Circle; but in order that weight may be added to my request that prompt steps may be taken for submission of the vouchers now overdue, and as the matter is serious, I would request that Government may be pleased to issue very early orders on the subject.
