Letter from the District ^{1/2000} ~~Board~~
Madras, to the Executive Engineer
Madras Dy. No 608 dt 3 March/98

I have the honor to inform you
that I have since heard from
the District Board Engineer that
besides the stock in your
stores in the District as reported
in your No 1163. dt 3rd February/98
so many as 2847 hand hammers
and 123 sledge hammers with tools
required for the special ^{repairs} work
started in the District, and that
you will be so good as to arrange
to get for me the tools from any
where at the earliest.

No 821-S.E.

Forwarded in original to
Suptg Engineer for forwarding order.

This letter is in reply to one
from the undersigned informing
the President of the number of tools
available for famine labor in ear
Sub Dy. The Exec. Engineer District
has stated that he has no tools

2/200

ish could be sent to the District.
The undersigned wishes to know
whether he should in compliance
the request contained in
President's letter send an
dent to the P.W. Stores Madras.

/Signed/ A. W. Barnett
Veerapandi Esq. Engineer
March 1893. Madras D.

Should it be decided to
sent on the P.W. Stores a great
ring of time would be effected
the indent was sent direct
in the Supdy Engineer's Office.

Memorandum from the ^{Chief} Supt
Engineer, St. Louis, to the Exec
Engineer, Madras Division, dated 11th March 1893.

Endorsement No. 221.56 of the
March 193 of the Executive Engineer
Madras Division on letter No. 100
of the 3rd Idem of the President
District Board Madras.

In his letter the President
that, besides the stock in the
Executive Engineer's stores in the
District, the District Board
"need requires 2847 hand hammers
and 23 sledge hammers for the
"special works started in the
District, and requests to get them
for him from any where at the
"earliest".

2. The stock as per margin of
Examine Tools proposed for the
District and reported to the Chief
Engineer in this office No. 1653.T.C
of the 7th February 1893, was intended
only for works to be undertaken
by this Department and it does
not cover the 2847 hand hammers
and 23 sledge hammers required for the
special works.

Bill hooks—300.
Crow bars—1500
Hammers Sledge 300.
On hand (Stone
breaking) 600
Hammers, 6000
Picks of sorts 1000
Iron hammers 1000

Encls No. 1 to 8 E 6 No. 1276ms

to include the tools &c that may
be required by other departments.
The Supt. Engineer therefore
doubts the propriety of his indenting
the tools required by the District
Board. The matter will however
be submitted for early orders
to the Chief Engineer.

2. As the hand hammers which
the President requires may be
regarded as surplus stock they
may be made over to him. The
stock of sledge hammers is below
that is required to be held ready
for D.P.W. works but if there is
likely to be any delay in getting
a supply from Madras, the
Executive Engineer may lend
what he can spare to the District
Board.

Copy submitted to the Chief Engr.
Engineer D.P.W. together with
copy of the Exec. Engineer's No 82188
of 4 March 1893. for early orders,
whether

whether tools required by the
District Board should be supplied
by the Executive Engineer or whether
the President should himself
make an indent to the P.W. Stores.
