Proceedings of the Public Works Department dt 1st February 1893, No: 230 W.

Letter from the Superintendent, Archaeological Survey, Madras, dt 16th February 1893, No: 75.

With reference to endorsement dt 7th February 1893 No: 257, I have the honor to report that all the remains therein entered are Archaeological works except the travellers bungalow at Manaparai of which I have no information.

2. The Nawab's Palace at Trichinopoly is a historical building but, as such expenditure as this was for other purposes than its conservation, I think the sum should not be included under the head of Archaeological works.

Order dt 28th February 1893, No: 163.

The Superintendent's reply will be communicated to the Public Works Department.
