GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Civil Works.
Irrigation.

Read—the following paper :—

From G. D. WYBROW, Esq., Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, in charge Tank Restoration Scheme, dated Dowlaishweram, 26th April 1893, No. 63 V.Z.

The Executive Engineer, Vizagapatam Division, brings to notice that the surveyor employed on Tank Restoration Scheme investigations experiences great delay and difficulty owing to villagers not opening out in time foundations of sluices, &c., and digging trial pits at the site of new works, to enable him to record on the plans, &c., the level of sub-soil.

2. To remedy this inconvenience, the accompanying estimate for Rs. 50 to cover the above charges, &c., for the current year is submitted by the Executive Engineer, and I have the honour to request the favour of your according sanction to it.

3. I further beg to bring to your notice that the Executive Engineer strongly urges the necessity of opening a small imprest of, say, Rs. 5 with the surveyor to enable him to engage coolies at any time to clear foundations for inspection and pay them on the spot, since it often happens that the overseer and surveyor will not be together. The proposal has my support, and I have informed the Executive Engineer that the imprest may be opened with the surveyor under para. 2 of Chapter X of the Public Works Code.

4. Under these circumstances, I would suggest your obtaining sanction of Government to entrust the surveyor with a small temporary imprest without any security being demanded with reference to para. 15, Chapter IV of Public Works Code.

Endorsement by the Chief Engineer for Irrigation, dated 5th May 1893, No. 351 T.

ORDER—dated 29th May 1893, No. 1410 W., Public Works.

The undermentioned estimate is sanctioned :—

1 Abstract Estimate

1 Report.

THE CHIEF ENGINEER

P-1

FOR IRRIGATION. in ch. I.R.S.

DOWLAISHWERAM, 26th April 1893.

SIR,

The Executive Engineer Vizagapatam Division brings to notice that the Surveyor employed on I.R.S investigations experiences great delay & difficulty owing to villagers not opening up in time, foundations of sluices &c and digging trial pits at the site of new works, to enable him to record on the plans &c the level of sub soil.

2. To remedy this inconvenience, the accompanying estimate for Rs 50 to cover the above charges &c for the current year is submitted by the Executive Engineer, & I have the honor to request the favor of your accompanying sanction to it.

3. I further beg to bring to your notice that the Executive Engineer strongly urges the necessity of opening a small imprest of say Rs 5 with the Surveyor to enable

him to engage coolies at any time to clear
foundations for inspection & pay them
on the spot, since it often happens that the
Overseer & Surveyor will not be together -

The proposal has my support, & I have
informed the Engr Engineer that the im-
prest may be opened with the Surveyor
under para 2 of Chapter II of the P.W. Code.

4. Under these circumstances I would
suggest your obtaining sanction of Govt
to entrust the Surveyor with a small tem-
porary Imprest without any security being
demanded with reference to para 15
Chapter II of P.W. Code.

I have the honor to be,

Sir,

Your most Obedientst

J. D. W. Wood.
