PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read Endorsement of the Judi-

cial Department, dated 4th April 1893, No. 629, transferring to the Revenue Department, letter from the Inspector-General of Police, Madras, dated 27th March 1893, No. 1665 Mis.

Read also the following Proceedings of the Board of Revenue, Land Revenue, dated 8th April 1893, No. 2169 Mis, on the following letter from the Collector of Vnagapattam, dated 15th March 1893 No. 768. —

Referring to para 4 of Board's Proceedings No. 1201 Mis, dated 20th February 1893, I have the honor to state that I have selected an excellent site for the Tuluk Cutcherry at Narsapattam. It lies between the Head Assistant Collector's Office and the town in a healthy well-

well - drain & position most convenient to all concerned. I enclose a plan of the site in which its dimensions are noted.

Resolution:

The site plan of the proposed new Taluk Cutcherry at Narsapattam, received with the letter read above, is submitted to Government in continuation of Board's Proceedings, dated 20th February 1893. No. 1201.

Order thereon, dated 12th May 1893, No. 1754 mis.

The Government is of opinion that a wall, 10 or 12 feet high, as proposed by the Inspector General of Police, would, besides being very expensive, make the Cutcherry very hot. As a preferable course, the Cutcherry might be raised on a high plinth of about 4 feet, with a wall 8 feet high

1893
high at a distance of about a hundred feet. Such a wall would interfere less with the breeze while it would suffice to prevent a rush.

2. With the above remarks, the papers will be transferred to the Public Works Department for the preparation of plans and estimates.
