V	South Arcot.	11	Komara Odapu odai —Constructing road dam across the —	RS. 12,120	From G.O., 10th May 1893, No. 422 I., Public Works, it will appear that an estimate of Rs. 5,074 for the work under reference was submitted by the Local Fund Engineer and forwarded by the President, District Board, to the Executive Engineer with a request that he would be good enough to state whether he would approve of it; that this estimate was revised by the Executive Engineer first into one of Rs. 10,060 and then into one of Rs. 12,200 and that it was finally reduced to one of Rs. 11,300 in the Chief Engineer's office and passed by Government. The estimate falls under I (a) of the rules according to which the percentage charged for the examination of original estimates should be calculated "on the amount of the estimates as submitted to the Superintending Engineer." The charge for scrutiny comes to Rs. 151-13-7. A reference has had to be made to the Local Fund Engineer, and hence the delay.

To the Chief Secretary to Government.

ORDER—dated 27th September 1893, No. 2137 L., Local and Municipal.

The statements received from the Public Works Department will be forwarded to the Accountant-General with the following remarks and with the request that he will make the necessary adjustments in the accounts in communication with the Examiner:—

(1) In the circumstances stated by the President of the District Board, Gódvári, the contributions for examining the estimates for the two works specified in the margin of his letter should, in accordance with No. I (a) of the rules in G.O., dated 15th June 1889, No. 1360 L., be levied on the amounts of the estimates as sent to the Superintending Engineer.

(2) In G.O., dated 10th May 1893, No. 422 I., it has been decided that the road-dam across the Komara Odapu odai, in the South Arcot district, is to be executed by the Public Works Department, a portion of the outlay being met from local funds. No charge for the scrutiny of the estimate is therefore admissible.

(3) The charge for the scrutiny of the estimate for setting up mile and furlong stones on road No. 63 in the Tanjore district should be remitted for similar reasons.
