My dear Hammond

Mr. Hammett told me
today he has not as yet received
any G.O. about lowering the level
of the lower Lake, or about the

Grant of Rs. 2000. made by the
Govt. as he is going on with
the work. He will want money
by commencement of N.M.

The Financial Dept. have this day sent a copy of their G.O. No. 893 dated 13th Septr. 93 direct to Mr. Hammett. It was thought in that dept. that the Accnt. Genl. would advise Mr. Hammett that the amount had been placed at his credit.

The proposal to lower the lake is contained in the D.O. correspondence which is tied up with white tape. An order was passed recently placing the margin of the lake in charge of the Municipality

Presumably the Ba
also is now in the
charge, but the pa
are at Madras.

I beg to report, that the overseer of the Govt. Gardens — Mr Macdonal — this morning met me at Govt. garden-gate and protested against any work being done towards the diversion of Govt. House stream — He said he had orders from Mr Lawson to stop the work being done there and to demand explanation from me as to what the authority under which the work was undertaken

I would be a pity to have any obstruction, as we have only a month and half of rains to help us in the silting process — orders solicited.
