Read the following paper:—

From the Director of Public Instruction, Madras, dated 27th September 1893, N^o 10856, requesting that the Superintending Engineer, V. Venkateswara, may be instructed in the Public Works Department not to take any steps with regard to the construction of houses at Saidapet for the use of Principal and Vice Principal of the Teachers' College, Saidapet.

Order, 13th October 1893, N^o 753.

The Government cannot agree with the Director of Public Instruction. The last report on the Teachers' College presents some rather unfavorable features and there is reason to think that the non-residence of the Principal and Vice-Principal has a bad effect. One or other of these officers should live on the college premises and the Government considers that it should be the Vice-Principal. Orders will be issued in the Public Works

Department.

Department for the early preparation of plans and estimates for a suitable house for the Vice-Principal, an officer on a salary of Rs 400-20-500.

2. The inordinate delay in reporting on this subject should have been explained by the Directors.
