From G. D. WYBROW, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 17th October 1893, No. 1742 G.D.

With reference to your memorandum No. 947 D, dated the 29th September 1893, I have the honour to submit herewith a fresh proposition statement prepared on the lines suggested by you for temporary establishment required in the Gódvári district. The six tappal lascars proposed for the Gódvári Western division are absolutely necessary, as there are no lock or other lascars available for carrying tappal on the Ellore canal and other places mentioned in the proposition statement and I have therefore included them in it; there are no post offices at many of the places where our departmental employés are stationed, and I trust therefore that you will obtain the sanction of Government for these lascars.

2. I also submit herewith, for sanction of Government, a proposition statement for the revision of the permanent office establishment connected with the Gódvári Eastern division proposing the reduction of the post of shroff (V class, 2nd grade). Orders have been issued to the Executive Engineer, Gódvári Eastern division, to issue to the present incumbent the necessary notice of discharge under article 478 of the Civil Service Regulations.
