Enclosures.

SIR,

With reference to para 2 of G.O. No. 1704 W dated the 28th June 1893, regarding the use of inferior timber in the Police Lines at Thi-
Zagapattam, I have the honor to report that the Executive Engineer states that the wood work of the Police Lines was passed by Mr. Traill, then in charge of the Division 2. The wood work allowed was only jungle wood, and as the situation of the lines is in a very damp locality, it would appear that a few of the posts and one cross beam have been attacked with wet rot, since they were placed in position.
