The Executive Engineer,
H. E. Division.

To

The Superintending Engineer,
II Circle. —

Sir,

In continuation of my
demi official report of the death of
overseer Mr. Patrick Donohoe on the
8th September 1893 at 3 A.M., I have the
honor to submit for your orders my detail
report of the death and the amount of —
Imprest money remaining unaccounted for
2. The overseer was sick of infla-
-mation of throat for some days and
returned to Bellare, his head quarters, from
Perikied at the beginning of September
1893 to place himself under medical
treatment. He also made some —
payments on the 4th

3. Mr. U. N. Joyce Sub Divisional
officer

officer, Northern Sub Division,
visited the overseer on the 6th September
having heard that he was very ill and
learnt from the Civil Apothecary, at
Ellore, his medical attendant, that
a sick leave for two months would
be required, although the overseer
himself expressed to him that he was
feeling a little better since that morning
and would probably be able to attend
his duties within a short time. Mr. Joyce
however sent orders to him on the same
day, to seal his cash chest and send
it to the Treasury for safe custody; but
the overseer was not able to do so.

4. Mr. Joyce went to Bowleswarum
on casual leave and returned on the
9th September/93 having heard there the
death of the overseer on the 8th morning.

The Sub Divisional Officer says that when
he saw him on the 6th, the overseer's case
did not appear to him to be so bad as to
expect his death within a short period
of

of 48 hours and having been
strengthened in this opinion by the
statements of the Civil Apothecary
that two months rest would make the
overseer alright, he left on casual leave.

5. The Sub Divisional Officer
returned at once from Bowleswarum
on the 9th and enquired of the late overseer's
wife where the cash chest was, and
having been informed that it was at
Perikud, he proceeded there and
found the chest locked. He pried
it to see whether there is any sign
of money being left in it but found it
quite empty. He brought the chest
to Ellore giving charge of furniture &c.
belonging to the overseer, to the village Munsiff
there for safe custody under lock & key.

6. On the 10th, I requested the Head
Assistant Magistrate of Godavari at
Ellore to take steps for securing the
property of the late overseer, as I was
informed that, the overseer's wife was
leaving

Having things packed for conveying them to Masulipatam with her.

The Head Assistant Magistrate, Mr. Joyce and the Police Inspector took an inventory of all his property and allowed his wife to convey them all on the understanding that she should hand them over back whenever asked for. The inventory is also submitted.

7. From the overseer's note book, it is observed that certain money was advanced from his Imprest to certain workmen and were never brought into his Imprest account.

Mr. Joyce instituted enquiries on this subject and succeeded in recovering Rs 35, and several other items of advances are alleged to have been repaid by the recipients. Nearly a month has been occupied in making enquiries and recovering the amounts from those who have admitted to have received certain advances from the

the overseer.² It is difficult to make people acknowledge the receipt of advances after the death of the ²⁸¹man who advanced them and it is a matter of far more difficulty to recover the amount at once from them; which was originally intended to be recovered gradually as they worked on. This is the cause of delay in submitting this detailed report on the death and the consequent loss of Imprest money entrusted to the overseer.

8.- The following statement shows the amount of Imprest not accounted for.
