Read—the following paper:—

From J. P. DAVIDSON, Esq., Executive Engineer, South Arcot Division, to the Superintending Engineer, V Circle, dated Cuddalore, 21/23 October 1893, No. 631.

With reference to G.O. No. 1257 W., dated 8th May 1893, and G.O. No. 2374 W., dated 15th September 1893, in which grants to the amount of Rs. 3,195 and Rs. 2,639 respectively are allotted for the Sergeant Instructor's quarters at Cuddalore and for the armoury and magazine, I have the honour to report that I am unable in the current year to spend more than Rs. 4,000 of this sum.

2. The total amount of the estimate for the building is Rs. 9,830 and this has been distributed in Quartermaster-General's letter printed with G.O. No. 1257 W., dated 8th May 1893, as follows, viz.:—

	Rs.
Sergeant's quarters	5,380
Armoury and magazine	4,450

3. It is quite clear that this distribution is arrived at by debiting the armoury and magazine with cost of foundations and the Sergeant's quarters with the cost of the roof.

4. It is further distinctly stated in paragraph 4 of the letter from Government of India, printed with G.O. No. 2392 W., dated 19th September 1893, that no expenditure from Military funds is to be incurred on the armoury and magazine; now as the armoury and magazine form the lower storey of the building, and I do not in the current year anticipate being able to do more than construct this lower storey, it would appear to be necessary to at once surrender the Rs. 3,195 allotted from Military funds for the Sergeant's quarters.

5. The expenditure of Rs. 4,000, which I consider is the sum that I shall be able to spend within the current official year, can then be met from the Rs. 2,639 allotted in G.O. No. 2374 W., dated 15th September 1893, and the further sum which is to be placed to the credit of this department by the Officer Commanding South Indian Railway Volunteers. This latter sum being a contribution need not be fully expended by the 31st March next.

6. I request under these circumstances that you will surrender the Rs. 3,195 allotted in G.O. No. 1257 W., dated 8th May 1893.

No. 389 W.

Submitted to the Chief Engineer, Public Works Department, with request that, under the circumstances explained by the Executive Engineer, the surrender may be accepted.

(Signed) J. C. LARMINIE,
Superintending Engineer, V Circle.

27th October 1893.

Order—dated 3rd November 1893, No. 2824 W., Public Works.

In the circumstances explained, the budget grant of Rs. 3,195 for constructing quarters for the Sergeant Instructor of the South Indian Railway Volunteer Corps at Cuddalore will, together with Rs. 783, being the percentage charges for establishment and tools and plant, be surrendered to the Government of India, Military Department.

2. It is observed that the Executive Engineer hopes to spend before the close of the current official year Rs. 4,000 on the armoury and magazine, the existing grant for which is only Rs. 2,639. The Military Department is therefore requested to arrange for the provision of the balance required, viz., Rs. 1,361 or Rs. 1,694 inclusive of percentage charges for establishment and tools and plant, from Corps funds, with reference to paragraph 2 of G.O. No. 2374 W., dated 15th September 1893.

THE SECRETARY TO THE GOVERNMENT OF INDIA,
MILITARY DEPARTMENT.

SIR,

I am directed to forward the accompanying copy of the Proceedings of this Government, No. 2824 W., dated 3rd November 1893, from which it will be seen that the building at Cuddalore intended for the South Indian Railway Volunteers consists of two storeys, the lower of which is designed to accommodate the armoury, magazine and stores, while the Sergeant Instructor is provided for on the upper floor. Owing to the late date at which funds for the lower floor were made available,* it is expected that the building will not be sufficiently advanced during the current official year to admit of the expenditure of any portion of the grant for the upper floor. I am accordingly directed to surrender the current year's grant of Rs. 3,195, or Rs. 3,978 inclusive of percentage charges for the Sergeant Instructor's quarters.

READ—the following papers:—

From Brigadier-General E. H. EYRE, Quartermaster-General, Madras Army, to the Secretary to Government, Military Department, dated Ootacamund, 8th February 1893, No. 201 M.W.

Adverting to G.O. No. 108 of the 11th ultimo, I am desired to submit for sanction, duly approved by the Commander-in-Chief, plans and estimate, the latter, amounting to Rs. 9,830, for constructing an armoury with magazine and store-room and quarters for the Serjeant Instructor attached to the South Indian Railway Volunteer Corps at Cuddalore.

2. The proportionate cost of the accommodation to be provided for the Serjeant Instructor is Rs. 5,380, towards which an allotment of Rs. 3,195 is made in the preliminary issue of the ensuing financial year's Military Works budget estimate. The balance of the estimate, viz., Rs. 4,450, represents the cost of that portion of the building proposed to be set apart as an armoury and magazine, &c. Ordinarily this sum should be provided from Corps funds, but in order that due encouragement may be given to a deserving Volunteer Corps, the Commander-in-Chief recommends that the latter amount also be borne by the State, the charge being met from the grant which it is presumed will be allotted by the Government of India for the provision of similar buildings during 1893–94.

No. 1066, Military.

Retransmitted to the Quartermaster-General with the request that Government may be informed what arrangements are now made for the armoury, magazine, &c., of the corps and for the Serjeant Instructor's quarters and whether house-rent is drawn for the latter.

From Brigadier-General E. H. EYRE, Quartermaster-General, Madras Army, to the Secretary to Government, Military Department, dated Ootacamund, 11th March 1893, No. 447 M.W.

With reference to Reference Order, Military Department, No. 1066, dated 14th ultimo, herewith returned with enclosures, I have the honour to report, for the information of Government, that the arms and ammunition, &c., of the South Indian Railway Volunteer Corps at Cuddalore are stored in a godown belonging to Messrs. Parry and Company, which is very unsuitable for the purpose for which it is used. Moreover, the owners recently intimated that they wish the godown given up, as they require it for their own use. There is no building belonging to the South Indian Railway Company which can be used as an armoury and magazine.

From Brigadier-General E. H. EYRE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 4th November 1891, No. 2456 M.W.

With reference to G.O., No. 5567 of the 9th ultimo, communicating G.O., Public Works Department, No. 2442 W. of the 11th September 1891, which directs that half the cost of the construction of the magazine on Stonehouse Hill, Ootacamund, be recovered from the Nilgiri Volunteer Rifles and credited to Government, I am desired by the Commander-in-Chief to represent, on behalf of the corps, that the present state of its finances renders them quite unequal to the task of paying down such a large sum as Rs. 757 at once and as it would bear hardly on the volunteers if such a large deduction were made from the capitation grant of any one year, His Excellency recommends for the favorable consideration of Government that the liquidation of the above amount be extended over a period of four years, payments to be made in four equal annual instalments, the first deduction to be made from the ensuing year's capitation grant.

2. I am to add that from G.O., No. 4842 of 22nd July 1889, the Nilgiri Volunteer Rifles were led to believe that the corps would be called upon to incur an expenditure of not more than Rs. 250 in connection with the magazine and they are consequently not prepared at present to pay the larger sum now demanded.

Sir, With reference to G.O. No. 1257 W. d/8 May 1893 and G.O. No. 2374 W d/15 Septr. 93 in which grants to the amount of Rs. 3,195 and Rs. 2,639 respectively are allotted for the Sergeant Instructor's Quarters at Cuddalore and for the Armoury and Magazine, I have the honor to report that I am unable in the current year to spend more than Rs. 4,000 of this amn.

2. The total amount of the Estimate for the building is Rs. 9,830 and this has been distributed in Quarter Master General's letter printed with G.O. No. 1257 W d/8 May '93, as follows viz:-

Sergeants' Quarters — Rs. 5,380.
Armoury Magazine — Rs. 4,450.

3. It is quite clear that this distribution

distribution is arrived at by debiting the Armoury and Magazine with cost of foundations and the Serjeant Quarters with the cost of the roof.

4. It is further distinctly stated in para 4 of the letter from Govt. of India printed with G.O. No. 2392 W d/19th September 1893 that no expenditure from Military Funds is to be incurred on the Armoury and Magazine, now as the Armoury and Magazine form the lower story of the building and I do not anticipate being able to do more than construct this lower story, it would appear to be necessary to at once surrender the Rs. 3,195 allotted from Military Funds for the Serjeants Quarters.

5. The expenditure of Rs. 4,000, which I consider is the sum that I shall be able to spend within the current official year can then be met from the Rs. 2,639, allotted in G.O. No. 2374 W d/15th September 1893 and the further sum which is to be placed to the credit of this Department by the Officer Commanding South Indian Railway Volunteers. This latter sum being a contribution need not be fully expended by the 31st March next.

6. I request under these circumstances that you will surrender the Rs. 3,195 allotted in G.O. No. 1257 W d/8th May 1893.
