2. Item 1.—Estimates amounting to Rs. 6,800 against the budget grant of Rs. 7,000 have already been put in hand and most of them completed. The additional allotment asked for is for anticipated outlay during the remaining part of the year. This amount was already applied for in No. 556 T.C. of 25th July 1893, but in G.O., No. 2059 W., dated 11th August 1893, it was said that the demand would be kept in view should funds become available later in the year.

* The work is to be treated now as a major work and so the outlay already incurred thereon under minor works will have to be written back.

Items 8 and 11.—Estimates to the amounts of existing grants are under execution. Additional funds are required to meet unforeseen demands and besides a few estimates under repairs are said to be under preparation.

Items 9, 10 and 12.—Required to complete the works in progress.

Item 13.—Surrendered to meet the demand for item 2.

Item 14.—Work delayed on account of site not being handed over. Hence the surrender.

Item 15.—Surrendered as the estimate has not as yet been sanctioned.

From C. H. T. NORFOR, Esq., Executive Engineer, Trichinopoly Division, to the Superintending Engineer, VI Circle, dated 26th October 1893, No. 392 S.E.

I have the honour to bring to your notice that urgent requisitions for repairs are received from the Military authorities (1st Madras Pioneers); but I have no funds at my disposal to carry them out, the existing grant having already been distributed among works now in progress. Application for an additional allotment of Rs. 1,000 has already been made, but no orders have yet been received—*vide* this office No. 210 S.E. of 13th July and No. 361 S.E. of 8th October 1893. I have therefore the honour to request that you will be good enough to inform me whether I may commence the works in anticipation of the additional grant applied for being sanctioned; otherwise the Military authorities will bitterly complain of the repairs required.
