25th September 1893.

S.10631.

Sir,

We have your letter of the 23rd inst., from which we regret to learn that the water has penetrated the ventilators on the dome of the Madras Law Courts Lantern.

As we were in no way responsible for the design of the lantern we would suggest that you refer the matter to your Engineer, Mr. W.T. Douglass, from whom we received the design and under whose superintendence we carried out the work. We shall be glad to discuss with him the best means of preventing the rain beating in.

We are, Sir,

Yours faithfully,
for Chance Brothers & Co., Limited.

(sd) J. Kenward

6th October 1893.

Sir,

With reference to a letter from the Government of Madras in the Marine Department No. 10 dated 2nd August 1893, intimating that rain beats in through the ventilators on the dome of the Madras Light, and transmitting a plan showing how the Consulting Architect to Government proposes to remedy the defect, I have the honour to enclose copies of letters on the subject, dated 25th September and 30th September 1893, from Messrs. Chance Brothers and Co, the makers of the apparatus, and Mr. T.T. Douglass, who designed and inspected it.

The plan received from Madras with Mr Douglass' suggestion for meeting the defect noted on it, is also enclosed.

The letter from the Government of Madras, will be replied to in due course, but I have deemed it desirable to send you these details at once, in order to save time.

I have the honour to be, Sir,

Your obedient servant,

E. G. EURLS

Assistant Director General of Stores.

Secretary to Government,

Marine Department,

Madras.
