Account.

READ—the following paper :—

Office-note from the Examiner, Public Works Accounts, dated Madras, 3rd November 1893, No. 1644 D.

In G.O., No. 1609 W., dated 16th June 1893, Government was pleased to authorize, in respect to incomplete land award statements prior to 25th November 1892,—

- (i) that in every case in which the actual date of possession is not readily ascertainable, Executive Engineers may be authorized to report to this office the month and year in which the first outlay was incurred on the work for which the land was acquired, and that this be accepted as the date of possession of land by the Public Works Department;
- (ii) that in the event of any land not having been acquired by this department, Executive Engineers may be instructed to state the fact against the land award statement to which it refers;

but I regret to have to bring to notice that, notwithstanding this latitude, the following statements still await completion in my office in respect to date of possession of land :—

11TH NOVEMBER 1893, No. 2892 W., PUBLIC WORKS.

2. On the 9th September 1893, I forwarded to each Superintending Engineer a list of the statements due from his circle, and asked that steps might be taken to accelerate dispatch of the required information; but, as shown above, the matter has not yet reached a satisfactory state. The records of each Executive Engineer's office ought to show the month in which the first outlay on work was incurred, and the delay in complying with the requirements of the case is therefore difficult to understand.

3. The subject is again brought to notice of Government with reference to letter, No. 38 A.G., dated 16th February 1893, from the Government of India.

ORDER—dated 11th November 1893, No. 2892 W., Public Works.

Communicated to Superintending Engineers for explanation of the delay in each case.
